LEGISLATIVE COUNSEL'S DIGEST

SB 1007, as amended, Committee on Budget and Fiscal Review.
~~Budget Act of 2012. Health.~~

(1) Under existing law, the Robert W. Crown California Children's Services Act, the State Department of Health Care Services and each county administer the California Children's Services Program (CCS program) for treatment services for persons under 21 years of age diagnosed with severe chronic disease or severe physical limitations, as specified. Existing law generally limits eligibility for CCS program services to persons in families with an annual adjusted gross income of \$40,000 or less. Under existing law, the department, or any designated local agency administering the program, is responsible for providing medically necessary occupational and physical therapy, to eligible children, as specified.

Existing law requires school districts, county offices of education, and special education local plan areas to comply with state laws that conform to the federal Individuals with Disabilities Education Act (IDEA), in order that the state may qualify for federal funds available for the education of individuals with exceptional needs. Existing law requires school districts, county offices of education, and special education local plan areas to identify, locate, and assess individuals with exceptional needs and to provide those pupils with a free appropriate public education in the least restrictive environment, and with special education and related services as reflected in an individualized education program (IEP). Existing law requires the Superintendent of Public Instruction to administer the special education provisions of the Education Code and to be responsible for assuring provision of, and supervising, education and related services to individuals with exceptional needs as required pursuant to the federal IDEA.

This bill would require, when a child has an IEP, that all occupational and physical therapy services assessed and determined to be educationally necessary by the IEP team and included in the IEP shall be provided in accordance with the federal IDEA, and not paid for by the CCS program. The bill would require the parents or estate of a child with an IEP to disclose that IEP to the CCS program at the time of application and on revision of the child's IEP. This bill would make conforming changes to procedures applicable to the CCS program's

medical therapy unit conference team, when determining a child's eligibility for those therapy services.

Existing law requires that specified assessments and therapy treatment services rendered to a child referred to a local education agency for an assessment or a disabled child or youth with an IEP be exempt from financial eligibility standards and family repayment requirements.

This bill would delete these provisions.

The bill would require the State Department of Education to review regulations to ensure the appropriate implementation of educationally necessary occupational and physical therapy services required by specified provisions of federal law and specified provisions of the bill. The bill would require that specified provisions of the bill be implemented no later than October 1, 2012, and would require the State Department of Health Care Services to report, as provided, specified data relating to the implementation of the bill's provisions.

(2) Existing law transfers the Systems Integration Division of the California Health and Human Services Data Center to the California Health and Human Services Agency and provides that it shall be known as the Office of Systems Integration. Existing law prohibits the California Health and Human Services Agency from placing or transferring information technology projects in the office without further legislation authorizing these activities.

This bill would delete this prohibition.

(3) The California Health Facilities Financing Authority Act authorizes the California Health Facilities Financing Authority to make loans from the continuously appropriated California Health Facilities Financing Authority Fund to participating health institutions for financing or refinancing the acquisition, construction, or remodeling of health facilities. The act defines a health facility to include various specified facilities and facilities operated in conjunction with these facilities. It also defines a participating health institution to mean specified entities authorized by state law to provide or operate a health facility and undertake the financing or refinancing of the construction or acquisition of a project or of working capital, as defined. Existing law authorizes the authority to award grants to any eligible health facility, as defined, for purposes of financing defined projects.

This bill would authorize the authority to award one or more grants that, in the aggregate, do not exceed \$1,500,000 to one or more projects designed to demonstrate new or enhanced cost-effective methods of delivering health care services, as specified. This bill would authorize

the authority to implement a 2nd grant program to award up to \$5,000,000 to eligible recipients, if a demonstration project is successful at developing a new method of delivering certain services. This bill would create the California Health Access Model Program Account in the California Health Facilities Financing Authority Fund, and would transfer up to \$6,500,000 from the fund to the account for the purposes of the bill. The bill would require that any moneys remaining in the account as of January 1, 2020, revert to the fund. By expanding the purposes for which a continuously appropriated fund may be used, this bill would make an appropriation.

(4) Existing law establishes the Office of Women's Health within the State Department of Health Care Services. Existing law requires the California Health and Human Services Agency to establish an interagency task force on women's health, as specified. Existing law establishes the Office of Multicultural Health within the State Department of Public Health.

This bill would repeal these provisions and other related provisions and instead establish the Office of Health Equity within the State Department of Public Health. The bill would require the office to perform various duties relating to reducing health and mental health disparities in vulnerable communities, as defined. The bill would require that a deputy director be appointed, as specified, and that an advisory committee be established within the office no later than October 1, 2013. The bill would require that an interagency agreement be established between the State Department of Public Health and the State Department of Health Care Services to outline the process by which the departments will jointly work to advance the mission of the office, including responsibilities, scope of work, and necessary resources. This bill would make conforming and related changes.

(5) Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, under which qualified low-income individuals receive health care services. The Medi-Cal program is, in part, governed and funded by federal Medicaid Program provisions. Existing law requires that, as a condition of participation in the Medi-Cal program, there be imposed a quality assurance fee on certain intermediate care facilities. Existing law requires that the fees be deposited into the General Fund and allocated to intermediate care facilities to support their quality improvement efforts, and distributed to each facility based on the number of Medi-Cal patients at the eligible facility. Existing law requires the department to

impose a uniform quality assurance fee on each skilled nursing facility, with certain exceptions, in accordance with a prescribed formula and requires that the fees be deposited in the State Treasury. Existing law, the Medi-Cal Long-Term Care Reimbursement Act, requires the department to implement a facility-specific reimbursement ratesetting system for certain skilled nursing facilities. Reimbursement rates for freestanding skilled nursing facilities are funded by a combination of federal funds and moneys collected pursuant to the skilled nursing uniform quality assurance fee.

This bill would instead, beginning August 1, 2013, require the quality assurance fees imposed pursuant to these provisions be deposited into the Long-Term Care Quality Assurance Fund which would be created by this bill.

(6) The State Department of Public Health is required to perform various public health functions, including providing breast and cervical cancer screening and treatment for low-income individuals, providing prostate cancer screening and treatment for low-income and uninsured men, and specified family planning services.

This bill would, commencing July 1, 2012, or the date the Budget Act of 2012 becomes effective, whichever is later, transfer the duties referenced above to the State Department of Health Care Services.

(7) Existing law, the Sherman Food, Drug, and Cosmetic Law (Sherman Law), requires the department to regulate activities related to food, drugs, devices, and cosmetics and establishes the Food Safety Fund for the deposit of money collected by the department under specified Sherman Law provisions. Money in the Food Safety Fund is available to the department, upon appropriation by the Legislature, to implement specified Sherman Law provisions. The existing California Retail Food Code regulates the health and sanitation standards for retail food facilities and establishes the Retail Food Safety and Defense Fund. Money collected by the department under specified California Retail Food Code provisions is deposited in the fund and used by the department, upon appropriation by the Legislature, to implement the California Retail Food Code.

This bill would eliminate the Retail Food Safety and Defense Fund and require all money deposited into the fund to be transferred to the Food Safety Fund. This bill would expand the purpose of the Food Safety Fund to include carrying out the provisions of the California Retail Food Code.

(8) Existing law requires public swimming pools to be equipped with antientrapment devices or systems that meet ASME/ANSI or ASTM performance standards. Existing law permits the State Department of Public Health to assess an annual fee on public swimming pool owners, collected by the local health department, and deposited into the Recreational Health Fund along with other money collected by the department through enforcement of these provisions. Money in the fund is available to the department, upon appropriation by the Legislature, for the purpose of promoting these public swimming pool provisions.

This bill would instead require public swimming pools to be equipped with antientrapment devices or systems that comply with ANSI/APSP standard 16 and make related changes. This bill would eliminate the Recreational Health Fund and the department's authority to administer or enforce specified public swimming pool provisions.

(9) Existing law requires, after January 1, 2008, that any general acute care hospital building that is determined to be a potential risk of collapse or pose significant loss of life only be used for nonacute care hospital purposes, unless granted an extension as prescribed.

Existing law authorizes, commencing on the date when the State Department of Health Care Services receives specified federal approval for a 2011–12 fiscal year hospital quality assurance fee program that meets a specified condition, the Office of Statewide Health Planning and Development to grant a hospital an additional extension of up to 7 years for a hospital building that it owns or operates if the hospital meets specified milestones. These milestones include a March 31, 2012, deadline for submitting to the office a specified letter of intent and schedule.

This bill would extend until September 30, 2012, the deadline for the above-described milestones for submitting a letter of intent and a schedule.

(10) Existing law requires the Director of Health Care Services to appoint an Advisory Committee on Genetically Handicapped Person's Program. Existing law requires the director to seek advice from the committee when adopting regulations under the Genetically Handicapped Person's Program that would expand the list of genetically handicapping conditions covered by the program and requires approval from the committee when prioritizing funds and services.

This bill would delete the provisions that establish the Advisory Committee on Genetically Handicapped Person's Program. This bill would delete the provisions that authorize the director to expand the

list of genetically handicapping conditions covered by the program and that require the director to establish priorities for the use of funds and services. This bill would make conforming changes.

(11) Existing law, the Health Insurance Portability and Accountability Implementation Act of 2001, requires the Office of HIPAA Implementation, established by the Governor's office within the agency, to perform specified activities required for compliance with the federal Health Insurance Portability and Accountability Act. Under existing law, the act will become inoperative and be repealed on January 1, 2013, unless a later enacted statute, that is enacted before January 1, 2013, deletes or extends that date, and all unexpended or unencumbered funds under that act will revert to the General Fund on January 1, 2013.

The bill would extend the act's duration to June 30, 2016, when it would be inoperative and repealed, and all funds under the act that are unexpended or unencumbered as of that date would revert to the General Fund.

(12) Under existing law, the State Department of Mental Health is authorized and required to perform various functions relating to the care and treatment of persons with mental disorders. Existing law requires the Director of Mental Health, with the advice of the Statewide Resources Consultant, as described, to contract with nonprofit community resource agencies to establish regionally based resource centers to provide services for brain-impaired adults.

This bill would transfer the Director of Mental Health's responsibilities with respect to these resource centers to the Director of Health Care Services.

(13) Existing law, the Mental Health Services Act, an initiative measure enacted by the voters as Proposition 63 at the November 2, 2004, statewide general election, establishes the continuously appropriated Mental Health Services Fund to fund various county mental health programs. Existing law establishes the Mental Health Services Oversight and Accountability Commission (commission) to oversee the administration of various parts of the Mental Health Services Act. The act provides that it may be amended by the Legislature by a ²/₃ vote of each house as long as the amendment is consistent with and furthers the intent of the act, and that the Legislature may also clarify procedures and terms of the act by majority vote.

This bill would authorize the commission to assist in providing technical assistance, as specified, and would authorize the commission to work in collaboration with, and in consultation with, various entities

in designing a comprehensive joint plan for coordinated evaluation of client outcomes. This bill would require the California Health and Human Services Agency to lead the comprehensive joint plan effort. This bill would transfer various functions of the State Department of Mental Health under the Mental Health Services Act to the State Department of Health Care Services and the Office of Statewide Health Planning and Development. This bill would make various technical and conforming changes to reflect the transfer of those mental health responsibilities. This bill would require all projects included in the innovative programs portion of the county plan to meet specified requirements.

Existing law requires each county mental health program to prepare and submit a 3-year plan that includes specified components.

This bill, in this regard, would require the plan to be a 3-year program and expenditure plan adopted by the county board of supervisors and submitted to the commission, would require annual updates, and would require plans to be certified by the county mental health director and the county auditor-controller, as specified. This bill would require the State Department of Health Care Services to inform the California Mental Health Directors Association and the commission of the methodology used for revenue allocation to the counties. This bill would require the State Department of Health Care Services, in consultation with the commission and the California Mental Health Directors Association, to develop and administer instructions for the Annual Mental Health Services Act Revenue and Expenditure Report, as prescribed.

This bill would declare that it clarifies procedures and terms of the Mental Health Services Act.

This bill would require the Governor or the Director of Health Care Services to appoint, subject to confirmation by the Senate, a Deputy Director of Mental Health and Substance Use Disorder Services of the State Department of Health Care Services.

(14) Existing law requires the State Department of Health Care Services to establish and administer, until July 1, 2021, the Medi-Cal Electronic Health Records Incentive Program, for the purposes of providing federal incentive payments to Medi-Cal providers for the implementation and use of electronic records systems. Existing law prohibits General Fund moneys from being used for this purpose.

This bill would instead provide that no more than \$200,000 from the General Fund may be used annually for state administrative costs associated with implementing these provisions.

(15) Existing law establishes the Emergency Services and Supplemental Payments Fund, the Medi-Cal Education Supplemental Payment Fund, the Large Teaching Emphasis Hospital and Children's Hospital Medi-Cal Medical Education Supplemental Payment Fund, and the Small and Rural Hospital Supplemental Payments Fund administered by the department from which the department is required to make supplemental payments to certain hospitals based on specified criteria.

This bill would provide that these provisions shall become inoperative on June 30, 2013, and shall be repealed on January 1, 2014.

(16) Existing law authorizes the department to provide health care services to Medi-Cal beneficiaries through various models of managed care, including though a comprehensive program of managed health care plan services for Medi-Cal recipients residing in clearly defined geographical areas. Existing law provides for a schedule of benefits under the Medi-Cal program, which, with some exceptions, includes certain dental services.

This bill would authorize the Director of Health Care Services to enter into contracts with one or more managed health care plans to provide a comprehensive program of managed health care services to Medi-Cal beneficiaries residing in specified counties. This bill would also make enrollment in Medi-Cal managed health care plans mandatory for beneficiaries residing in these counties.

This bill would require the department to establish a list of performance measures to ensure dental health plans meet quality criteria required by the department to be included in dental health contracts entered into between the department and a dental health plan. This bill would require the department to designate an external quality review organization to conduct quality reviews for any dental health plan contracting with the department, as specified. This bill would require the Director of Health Care Services to establish a beneficiary dental exception (BDE) process for Medi-Cal beneficiaries mandatorily enrolled in dental health plans in the County of Sacramento, and would require the department to amend contracts with dental health plans that provide dental services to Medi-Cal beneficiaries who reside in a specified geographic area to meet these additional requirements.

This bill would require the department, by no later than March 15, 2013, and annually thereafter, to provide designated committees of the Legislature a report on dental managed care in the Counties of Sacramento and Los Angeles, and, for reports on the County of Sacramento, data outcomes and findings from the BDE process. This bill would require the Department of Managed Health Care, by no later than January 1, 2013, to provide designated committees of the Legislature with its final report on specified surveys for the dental health plans participating in the Sacramento Geographic Managed Care Program. This bill would authorize the County of Sacramento to establish a stakeholder advisory committee on the delivery of oral health and dental care services, and would require the State Department of Health Care Services to meet periodically with the committee, as specified.

This bill would also require the department to perform specified functions in connection with the Medi-Cal managed care plan default assignment algorithm.

Existing law requires the department to enter into an interagency agreement with the Department of Managed Health Care to conduct financial audits, medical surveys, and a review of the provider networks of the managed care plans participating in a certain demonstration project.

This bill would additionally require the department to enter into the interagency agreement with the Department of Managed Health Care to conduct financial audits, medical surveys, and a review of the provider networks in connection with the expansion of Medi-Cal managed care into rural counties, and to provide consumer assistance to beneficiaries affected by certain provisions.

This bill would make legislative findings and declarations as to the necessity of a special statute for specified counties.

(17) Existing law requires, until January 1, 2013, a hospital that does not have in effect a contract with a Medi-Cal managed care health plan, as defined, that establishes payment amounts for services furnished to a beneficiary enrolled in that plan to accept as payment in full, from all Medi-Cal managed care plans, specified amounts for outpatient services, emergency inpatient services, and poststabilization services following an emergency admission.

This bill would modify the payment amount a hospital subject to these provisions is required to accept as payment in full from Medi-Cal managed care health plans for emergency inpatient services, and would

provide that the payment amounts for both emergency inpatient services and poststabilization services related to an emergency medical condition shall remain in effect only until the department implements a specified payment methodology based on diagnosis-related groups, at which time, the hospital shall accept the payment amount established by that methodology for those services. This bill would extend the operative date of these provisions to July 1, 2013, and would make related changes.

(18) Existing federal law requires the state to provide payment for primary care services furnished in the 2013 and 2014 calendar years by Medi-Cal providers with specified primary specialty designations at a rate not less than 100% of the payment rate that applies to those services and physicians under the Medicare Program.

This bill would, only to the extent that the federal medical assistance percentage is equal to 100% and only until January 1, 2015, implement this requirement for both Medi-Cal fee-for-service and managed care plans.

(19) Existing law provides that reimbursement for clinical laboratory or laboratory services under the Medi-Cal program, as defined, may not exceed 80% of the lowest maximum allowance established by the federal Medicare Program for the same or similar services.

This bill would, upon federal approval, change the rate methodology for clinical laboratory or laboratory services, as specified. This bill would also require that rates for clinical laboratory or laboratory services be reduced by 10% until federal approval is obtained for this new rate methodology.

(20) Existing law requires Medi-Cal beneficiaries to make set copayments for specified services. Existing law, subject to federal approval, revises these copayment rates, expands the services for which copayments are due, and requires the department to reduce the amount of the payment to the provider by the amount of the copayment. Existing law provides, upon federal approval and with certain exceptions, that a provider has no obligation to provide services to a beneficiary who does not pay the copayment at the point of service.

This bill would modify these provisions as they relate to emergency and nonemergency services.

(21) Existing law provides that it is the intent of the Legislature to provide appropriate funding to the counties for the effective administration of the Medi-Cal program, except for specified fiscal years in regard to any cost-of-doing-business adjustment.

This bill would additionally provide that it is the intent of the Legislature to not appropriate funds for the cost-of-doing-business adjustment for the 2012–13 fiscal year.

(22) Existing law establishes the continuously appropriated Private Hospital Supplemental Fund and the continuously appropriated Nondesignated Public Hospital Supplemental Fund administered by the California Medical Assistance Commission for the purposes of funding the nonfederal share of specified payments to private and nondesignated hospitals. Existing law also provides for stabilization funding for certain hospitals through October 31, 2010, and requires specified amounts of that funding to be transferred to the Private Hospital Supplemental Fund and the Nondesignated Public Hospital Supplemental Fund. Existing law requires that the California Medical Assistance Commission be dissolved after June 30, 2012, and requires the department to develop a staff transition plan, as specified, that will be included in the 2012–13 Governor’s budget. Existing law requires that, upon dissolution of the commission, all powers, duties, and responsibilities of the commission be transferred to the Director of Health Care Services. Existing law provides that upon a determination by the director that a payment system based on diagnosis-related groups, as described, has been developed and implemented, the powers, duties, and responsibilities conferred on the commission and transferred to the director shall no longer be exercised.

This bill, instead, would provide that the powers, duties, and responsibilities conferred on the commission and transferred to the director shall no longer be exercised upon the director’s determination, except for those relating to specified stabilization payments and the ability to negotiate and make payments from the Private Hospital Supplemental Fund and the Nondesignated Public Hospital Supplemental Fund. This bill would also modify the criteria a hospital would have to meet to receive distributions from these funds. This bill would also require, notwithstanding any other law, that stabilization funding payable to nondesignated public hospitals and to project year private DSH hospitals that has not been paid or specifically committed for payment prior to January 1, 2012, be transferred to the General Fund, except as specified, and that funds that would otherwise be drawn from the General Fund for stabilization payments to these hospitals be retained in the General Fund. This bill would delete the requirement that the department develop a staff transition plan and, instead, would implement the transition of staff positions serving the commission to

the department. This bill would provide that after the diagnosis-related groups payment system is implemented, the transferred employees will transfer to civil service classifications within the department, as specified.

(23) Existing law establishes the Medi-Cal Hospital/Uninsured Care Demonstration Project Act, which revises hospital supplemental payment methodologies under the Medi-Cal program in order to maximize the use of federal funds consistent with federal Medicaid law and to stabilize the distribution of funding for hospitals that provide care to Medi-Cal beneficiaries and uninsured patients. Existing law requires the department to seek a successor demonstration project or federal waiver of Medicaid law to implement specified objectives, which may include better care coordination for seniors, persons with disabilities, and children with special health care needs. Existing law provides that to the extent the provisions under the Medi-Cal Hospital/Uninsured Care Demonstration Project Act do not conflict with the provisions of, or the Special Terms and Conditions of, this demonstration project, the provisions of the Medi-Cal Hospital/Uninsured Care Demonstration Project Act shall apply. Existing law establishes the continuously appropriated Health Care Support Fund, which consists of federal safety net care pool funds claimed and received by the department under the demonstration project and the successor demonstration project. Existing law also establishes the continuously appropriated Public Hospital Investment, Improvement, and Incentive Fund, which consists of moneys that a county, other political subdivision of the state, or other governmental entity in the state elects to transfer to the department for use as the nonfederal share of investment, improvement, and incentive payments to participating designated hospitals and the governmental entities with which they are affiliated.

This bill would, subject to federal approval, modify the inpatient fee-for-service reimbursement methodology for nondesignated hospitals under the successor demonstration project. This bill would, among other things, provide that beginning with the 2012–13 fiscal year, and if specified conditions are met, nondesignated public hospitals, or governmental entities with which they are affiliated, shall be eligible to receive safety net care pool payments for uncompensated care from the Health Care Support Fund. By revising the purposes for which moneys in the Health Care Support Fund may be expended, this bill would make an appropriation. This bill would also provide that beginning with the 2012–13 fiscal year, subject to federal approval and

if specified conditions are met, nondesignated public hospitals may receive delivery system reform incentive pool funding, as specified. This bill would make related changes to the Public Hospital Investment, Improvement, and Incentive Fund provisions. By revising the purposes for which moneys in the Public Hospital Investment, Improvement, and Incentive Fund may be used, this bill would make an appropriation. This bill would also require designated public hospitals to report and certify specified information for each successor demonstration year beginning with the 2012–13 fiscal year.

(24) Existing law, subject to federal approval, imposes a quality assurance fee, as specified, on certain general acute care hospitals for the period of July 1, 2011, through December 31, 2013. Existing law creates the Hospital Quality Assurance Revenue Fund in the State Treasury and requires that the money collected from the quality assurance fee be deposited into the fund. Existing law, subject to federal approval, provides that the moneys in the Hospital Quality Assurance Revenue Fund shall, upon appropriation by the Legislature, be available only for certain purposes, including, among other things, paying for health care coverage for children, as specified, making supplemental payments to private hospitals, and making direct grants in support of health care expenditures to designated and nondesignated public hospitals.

This bill would revise the definition of “federal approval” for the purposes of those provisions and would make conforming changes. This bill would increase the amount previously allocated for health care coverage for children for each subject fiscal quarter during the 2012–13 and 2013–14 fiscal years, and would, for the 2013–14 fiscal year, additionally require that the amount of \$21,500,000 previously allocated for grants to designated public hospitals be retained by the state to pay for health care coverage of children, as specified.

(25) Existing law requires the department to audit the amounts paid for services provided to Medi-Cal beneficiaries. Existing law requires the Director of Health Care Services to establish administrative appeal processes to review complaints arising from the findings of an audit. Existing law provides that a specified interest rate shall be assessed on amounts when a provider prevails in an appeal of a disallowed payment that was paid and recovered by the department or when an unrecovered overpayment is due to the department, and in other circumstances.

This bill would modify the applicable interest rate.

(26) Existing law requires the department, pursuant to federal approval of a successor demonstration project, to authorize a local Low Income Health Program (LIHP) to provide health care services to eligible low-income individuals under certain circumstances.

This bill would modify the provisions relating to the application of rates agreed to between the department and the participating entities with respect to the LIHP year ending June 30, 2012.

(27) Existing law authorizes counties meeting certain criteria to elect to participate in the County Medical Services Program (CMSP), for the purpose of providing specified health services to eligible county residents. Counties that elect to participate in the program may establish a CMSP governing board, responsible for the oversight of the participating counties. Existing law permits a CMSP governing board to apply to operate a local LIHP for the purpose of providing health care services, as specified.

This bill would authorize the Director of Finance to require the Controller to draw warrants against General Fund cash to provide cashflow loans of no more than a total of \$100,000,000 in the 2012–13 and 2013–14 fiscal years for CMSP governing board expenses that are associated with a Low Income Health Program operated by the governing board, thereby making an appropriation.

(28) Existing law establishes the Office of AIDS in the State Department of Public Health as the lead agency responsible for coordinating state programs, services, and activities relating to the human immunodeficiency virus (HIV), acquired immunodeficiency syndrome (AIDS), and AIDS-related conditions (ARC). Existing federal law, under the federal Ryan White HIV/AIDS Treatment Extension Act of 2009 (Ryan White Act), makes financial assistance available to states and other public and nonprofit entities to provide for the delivery of services to families with HIV.

This bill would require the State Department of Health Care Services, in collaboration with the State Department of Public Health, and in consultation with stakeholders, to develop policies and guidance on the transition of persons diagnosed with HIV/AIDS from programs funded under the federal Ryan White Act to the Low Income Health Program.

(29) Existing law provides for the Health Care Coverage Initiative (HCCI), which is a federal waiver demonstration project established to expand health care coverage to low-income uninsured individuals who are not currently eligible for the Medi-Cal program, the Healthy Families Program, or the Access for Infants and Mothers Program.

Existing law requires the department to annually seek authority from the federal Centers for Medicare and Medicaid Services under the Special Terms and Conditions of the successor demonstration project to redirect HCCI funds within the safety net care pool, as defined, that are not fully utilized by the end of a demonstration year, as defined, to the category of uncompensated care to be used by designated public hospitals, on a voluntary basis, for allowable certified public expenditures, as specified.

This bill would modify the conditions under which designated public hospitals may utilize the redirected safety net care pool funds and would modify the provisions relating to disallowances or deferrals that relate to certified public expenditures for uncompensated care incurred by the designated public hospitals under these provisions.

(30) This bill would incorporate additional changes in Section 123870 of the Health and Safety Code proposed in AB 1494 and SB 1034, that would become operative only if either AB 1494 or SB 1034 and this bill are both chaptered and become effective on or before January 1, 2013, and this bill is chaptered last.

(31) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

This bill would express the intent of the Legislature to enact statutory changes relating to the Budget Act of 2012.

10 (t) *Award grants pursuant to Section 15438.10.*

11 SEC. 5. *Section 15438.10 is added to the Government Code,*
12 *to read:*

13 *15438.10. (a) The Legislature finds and declares the following:*

14 *(1) Many Californians face serious obstacles in obtaining*
15 *needed health care services, including, but not limited to, medical,*
16 *mental health, dental, and preventive services. The obstacles faced*
17 *by vulnerable populations and communities include existence of*
18 *complex medical, physical, or social conditions, disabilities,*
19 *economic disadvantage, and living in remote or underserved areas*
20 *that make it difficult to access services.*

21 *(2) With the recent passage of national health care reform, there*
22 *is an increased demand for innovative ways to deliver quality*
23 *health care, including preventive services, to individuals in a*
24 *cost-effective manner.*

25 *(3) There is a need to develop new methods of delivering health*
26 *services utilizing innovative models that can be demonstrated to*
27 *be effective and then replicated throughout California and that*
28 *bring community-based health care preventive services to*
29 *individuals where they live or receive education, social, or general*
30 *health services.*

31 *(4) For more than 30 years, the California Health Facilities*
32 *Financing Authority has provided financial assistance through*
33 *tax-exempt bonds, low-interest loans, and grants to health facilities*
34 *in California, assisting in the expansion of the availability of health*
35 *services and health care facilities throughout the state.*

36 *(b) (1) Following the completion of a competitive selection*
37 *process, the authority may award one or more grants that, in the*
38 *aggregate, do not exceed one million five hundred thousand dollars*
39 *(\$1,500,000) to one or more projects designed to demonstrate*
40 *specified new or enhanced cost-effective methods of delivering*

1 *quality health care services to improve access to quality health*
2 *care for vulnerable populations or communities, or both, that are*
3 *effective at enhancing health outcomes and improving access to*
4 *quality health care and preventive services. These health care*
5 *services may include, but are not limited to, medical, mental health,*
6 *or dental services for the diagnosis, care, prevention, and treatment*
7 *of human illness, or individuals with physical, mental, or*
8 *developmental disabilities. More than one demonstration project*
9 *may receive a grant pursuant to this section. It is the intent of the*
10 *Legislature for a demonstration project that receives a grant to*
11 *allow patients to receive screenings, diagnosis, or treatment in*
12 *community settings, including, but not limited to, school-based*
13 *health centers, adult day care centers, and residential care*
14 *facilities for the elderly, or for individuals with mental illness or*
15 *developmental disabilities.*

16 *(2) A grant awarded pursuant to this subdivision may be*
17 *allocated in increments to a demonstration project over multiple*
18 *years to ensure the demonstration project's ability to complete its*
19 *work, as determined by the authority. Prior to the initial allocation*
20 *of funds pursuant to this subdivision, the administrators of the*
21 *demonstration project shall provide evidence that the*
22 *demonstration project has or will have additional funds sufficient*
23 *to ensure completion of the demonstration project. If the authority*
24 *allocates a grant in increments, each subsequent year's allocation*
25 *shall be provided to the demonstration project only upon*
26 *submission of research that shows that the project is progressing*
27 *toward the identification of a high-quality and cost-effective*
28 *delivery model that improves health outcomes and access to quality*
29 *health care and preventive services for vulnerable populations or*
30 *communities, and can be replicated throughout the state in*
31 *community settings.*

32 *(3) Except for a health facility that qualifies as a "small and*
33 *rural hospital" pursuant to Section 124840 of the Health and*
34 *Safety Code, a health facility that has received tax-exempt bond*
35 *financing from the authority shall not be eligible to receive funds*
36 *awarded for a demonstration project. Such a health facility may*
37 *participate as an uncompensated partner or member of a*
38 *collaborative effort that is awarded a demonstration project grant.*
39 *A health facility that participates in a demonstration project that*
40 *receives funds pursuant to this section may not claim the funding*

1 *provided by the authority toward meeting its community benefit*
2 *and charity care obligations.*

3 *(4) Funds provided to a demonstration project pursuant to this*
4 *subdivision may be used to supplement, but not to supplant, existing*
5 *financial and resource commitments of the grantee or grantees or*
6 *any other member of a collaborative effort that has been awarded*
7 *a demonstration project grant.*

8 *(c) (1) If a demonstration project that receives a grant pursuant*
9 *to subdivision (b) is successful at developing a new method of*
10 *delivering high-quality and cost-effective health care services in*
11 *community settings that result in increased access to quality health*
12 *care and preventive services or improved health care outcomes*
13 *for vulnerable populations or communities, or both, then beginning*
14 *as early as the second year after the initial allocation of moneys*
15 *provided pursuant to subdivision (b), the authority may implement*
16 *a second grant program that awards not more than five million*
17 *dollars (\$5,000,000), in the aggregate, to eligible recipients as*
18 *defined by the authority, to replicate in additional California*
19 *communities the model developed by a demonstration project that*
20 *received a grant pursuant to subdivision (b). Prior to the*
21 *implementation of this second grant program, the authority shall*
22 *prepare and provide a report to the Legislature and the Governor*
23 *on the outcomes of the demonstration project. The report shall be*
24 *made in accordance with Section 9795.*

25 *(2) If the authority implements the second grant program, the*
26 *authority shall also report annually, beginning with the first year*
27 *of implementation of the second grant program, to the Legislature*
28 *and the Governor regarding the program, including, but not limited*
29 *to, the total amount of grants issued pursuant to this subdivision,*
30 *the amount of each grant issued, and a description of each project*
31 *awarded funding for replication of the model.*

32 *(3) Grants under this subdivision may be utilized for eligible*
33 *costs, as defined in subdivision (c) of Section 15432, including*
34 *equipment, information technology, and working capital, as defined*
35 *in subdivision (h) of Section 15432.*

36 *(4) The authority may adopt regulations relating to the grant*
37 *program authorized pursuant to this subdivision, including*
38 *regulations that define eligible recipients, eligible costs, and*
39 *minimum and maximum grant amounts.*

1 (d) (1) The authority shall prepare and provide a report to the
2 Legislature and the Governor by January 1, 2014, on the outcomes
3 of the demonstration grant program, including, but not limited to,
4 the following:

7 (C) A description of other sources of funding for each project.

8 (D) A description of each project awarded funding.

9 (E) A description of project outcomes that demonstrate
10 cost-effective delivery of health care services in community settings,

13 (2) A report submitted pursuant to this subdivision shall be
14 submitted in compliance with Section 9795.

15 (e) There is hereby created the California Health Access Model

21 California Health Facilities Financing Authority Fund that are
22 not impressed with a trust for other purposes into the California

24 grants pursuant to this section. Any moneys remaining in the
25 California Health Access Model Program Account on January 1,
26 2020, shall revert as of that date to the California Health Facilities
27 Financing Authority Fund.

28 (f) Any recipient of a grant provided pursuant to subdivision
29 (b) shall adhere to all applicable laws relating to scope of practice,

13 hereditary orotic aciduria, Wilson's Disease, galactosemia,
14 disorders of lactate and pyruvate metabolism, tyrosinemia,
15 hyperornithinemia, and other genetic organic acidemias that require
16 specialized treatment or service available from only a limited
17 number of program-approved sources.

18 The program shall also provide access to social support services,
19 that may help ameliorate the physical, psychological, and economic
20 problems attendant to genetically handicapping conditions, in order
21 that the genetically handicapped person may function at an optimal
22 level commensurate with the degree of impairment.

23 The medical and social support services may be obtained through
24 physicians and surgeons, genetically handicapped person's program
25 specialized centers, and other providers that qualify pursuant to
26 the regulations of the department to provide the services. "Medical
27 care," as used in this section, is limited to noncustodial medical
28 and support services.

29 ~~The director, with the guidance of the Advisory Committee on~~
30 ~~Genetically Handicapped Person's Program, may, by regulation,~~
31 ~~expand the list of genetically handicapping conditions covered~~
32 ~~under this article. The director shall adopt regulations that are~~
33 ~~necessary for the implementation of this article. The director, with~~
34 ~~the approval of the advisory committee, shall establish priorities~~
35 ~~for the use of funds and provision of services under this article.~~

36 *SEC. 37. Section 125145 of the Health and Safety Code is*
37 *repealed.*

38 ~~125145. The director shall appoint an 11-member Advisory~~
39 ~~Committee on Genetically Handicapped Person's Program~~
40 ~~composed of professional and consumer representatives who shall~~

1 ~~serve without compensation and at the discretion of the director.~~
2 ~~The director shall seek the advice of the advisory committee with~~

4 *SEC. 38. Section 125205 of the Health and Safety Code is*
5 *amended to read:*

6 125205. The department and the State Department of Social
7 Services shall, after consultation with the Genetically Handicapped
8 Persons Program of the department, ~~from the Genetically~~
9 ~~Handicapped Persons Program Advisory Committee, and from~~
10 consumer organizations representing persons with chronic and
11 degenerative conditions, as defined in Section 125210, compile a
12 list of long-term care resources that serve adults with chronic and
13 degenerative conditions, as defined. The list of resources shall
14 include those that have already been identified by the Genetically
15 Handicapped Persons Program as serving persons with
16 Huntington's disease, Joseph's disease, and Friedrich's ataxia, and
17 shall include those that have already been identified by consumer
18 organizations representing persons with chronic and degenerative
19 conditions. The list of resources shall include, but not be limited
20 to, the following:

21 (a) Public and private skilled nursing facilities and intermediate
22 care facilities.

23 (b) Public and private community residential care facilities.

24 (c) Public and private out-of-home long-term care resources
25 such as day activity programs, and in-home support service
26 programs. Nothing in this section shall require the *State* Department
27 of Health *Care* Services to undertake a survey of long-term care
28 facilities or programs in the state for the purposes of carrying out
29 the requirements of this section.

30 The information shall be made available to the public, upon
31 request, through the Genetically Handicapped Persons Program
32 of the department.

33 *SEC. 39. Section 125215 of the Health and Safety Code is*
34 *amended to read:*

35 125215. The department and the State Department of Social
36 Services shall review regulations that currently provide
37 disincentives to providers of in-home and out-of-home long-term
38 care resources, as defined in Section 125205, to accept and serve
39 persons with chronic and degenerative disorders. The review shall
40 be conducted with assistance and input from the Genetically

1 Handicapped Persons Program of the department, ~~and from the~~
2 ~~Genetically Handicapped Persons Program Advisory Committee.~~
3 These departments shall provide a list of those regulations to the
4 Legislature by September 1, 1982. The regulations subject to
5 review shall be those regulations that do the following:

6 (a) Affect the admission of patients to state-licensed skilled
7 nursing facilities, intermediate care facilities, and community
8 residential care facilities.

9 (b) Affect the staffing ratios necessary to care for persons with
10 chronic and degenerative conditions, as defined, within those
11 facilities.

12 (c) Affect the likelihood of facilities, or of day care programs
13 and in-home support service programs, to refuse the admission of
14 persons with chronic and degenerative conditions, solely on the
15 basis of anticipated jeopardy to their licensing, or on the basis of
16 anticipated liability to the facilities arising from instances where
17 a person's degenerative condition, by its own clinical merits, results
18 in medical complications that are, in fact, entirely unrelated to the
19 quality of care provided by the facility or program.

20 *SEC. 40. Section 130060 of the Health and Safety Code is*
21 *amended to read:*

22 130060. (a) (1) After January 1, 2008, any general acute care
23 hospital building that is determined to be a potential risk of collapse
24 or pose significant loss of life shall only be used for nonacute care
25 hospital purposes. A delay in this deadline may be granted by the
26 office upon a demonstration by the owner that compliance will
27 result in a loss of health care capacity that may not be provided
28 by other general acute care hospitals within a reasonable proximity.
29 In its request for an extension of the deadline, a hospital shall state
30 why the hospital is unable to comply with the January 1, 2008,
31 deadline requirement.

32 (2) Prior to granting an extension of the January 1, 2008,
33 deadline pursuant to this section, the office shall do all of the
34 following:

35 (A) Provide public notice of a hospital's request for an extension
36 of the deadline. The notice, at a minimum, shall be posted on the
37 office's Internet Web site, and shall include the facility's name
38 and identification number, the status of the request, and the
39 beginning and ending dates of the comment period, and shall advise
40 the public of the opportunity to submit public comments pursuant

1 to subparagraph (C). The office shall also provide notice of all
2 requests for the deadline extension directly to interested parties
3 upon request of the interested parties.

4 (B) Provide copies of extension requests to interested parties
5 within 10 working days to allow interested parties to review and
6 provide comment within the 45-day comment period. The copies
7 shall include those records that are available to the public pursuant
8 to the California Public Records Act (Chapter 3.5 (commencing
9 with Section 6250) of Division 7 of Title 1 of the Government
10 Code).

11 (C) Allow the public to submit written comments on the
12 extension proposal for a period of not less than 45 days from the
13 date of the public notice.

14 (b) (1) It is the intent of the Legislature, in enacting this
15 subdivision, to facilitate the process of having more hospital
16 buildings in substantial compliance with this chapter and to take
17 nonconforming general acute care hospital inpatient buildings out
18 of service more quickly.

19 (2) The functional contiguous grouping of hospital buildings of
20 a general acute care hospital, each of which provides, as the
21 primary source, one or more of the hospital's eight basic services
22 as specified in subdivision (a) of Section 1250, may receive a
23 five-year extension of the January 1, 2008, deadline specified in
24 subdivision (a) of this section pursuant to this subdivision for both
25 structural and nonstructural requirements. A functional contiguous
26 grouping refers to buildings containing one or more basic hospital
27 services that are either attached or connected in a way that is
28 acceptable to the State Department of Health Care Services. These
29 buildings may be either on the existing site or a new site.

30 (3) To receive the five-year extension, a single building
31 containing all of the basic services or at least one building within
32 the contiguous grouping of hospital buildings shall have obtained
33 a building permit prior to 1973 and this building shall be evaluated
34 and classified as a nonconforming, Structural Performance
35 Category-1 (SPC-1) building. The classification shall be submitted
36 to and accepted by the Office of Statewide Health Planning and
37 Development. The identified hospital building shall be exempt
38 from the requirement in subdivision (a) until January 1, 2013, if
39 the hospital agrees that the basic service or services that were

1 provided in that building shall be provided, on or before January
2 1, 2013, as follows:

3 (A) Moved into an existing conforming Structural Performance
4 Category-3 (SPC-3), Structural Performance Category-4 (SPC-4),
5 or Structural Performance Category-5 (SPC-5) and Non-Structural
6 Performance Category-4 (NPC-4) or Non-Structural Performance
7 Category-5 (NPC-5) building.

8 (B) Relocated to a newly built compliant SPC-5 and NPC-4 or
9 NPC-5 building.

10 (C) Continued in the building if the building is retrofitted to a
11 SPC-5 and NPC-4 or NPC-5 building.

12 (4) A five-year extension is also provided to a post-1973
13 building if the hospital owner informs the Office of Statewide
14 Health Planning and Development that the building is classified
15 as SPC-1, SPC-3, or SPC-4 and will be closed to general acute
16 care inpatient service use by January 1, 2013. The basic services
17 in the building shall be relocated into a SPC-5 and NPC-4 or NPC-5
18 building by January 1, 2013.

19 (5) SPC-1 buildings, other than the building identified in
20 paragraph (3) or (4), in the contiguous grouping of hospital
21 buildings shall also be exempt from the requirement in subdivision
22 (a) until January 1, 2013. However, on or before January 1, 2013,
23 at a minimum, each of these buildings shall be retrofitted to a
24 SPC-2 and NPC-3 building, or no longer be used for general acute
25 care hospital inpatient services.

26 (c) On or before March 1, 2001, the office shall establish a
27 schedule of interim work progress deadlines that hospitals shall
28 be required to meet to be eligible for the extension specified in
29 subdivision (b). To receive this extension, the hospital building or
30 buildings shall meet the year 2002 nonstructural requirements.

31 (d) A hospital building that is eligible for an extension pursuant
32 to this section shall meet the January 1, 2030, nonstructural and
33 structural deadline requirements if the building is to be used for
34 general acute care inpatient services after January 1, 2030.

35 (e) Upon compliance with subdivision (b), the hospital shall be
36 issued a written notice of compliance by the office. The office
37 shall send a written notice of violation to hospital owners that fail
38 to comply with this section. The office shall make copies of these
39 notices available on its Internet Web site.

1 (f) (1) A hospital that has received an extension of the January
2 1, 2008, deadline pursuant to subdivision (a) or (b) may request
3 an additional extension of up to two years for a hospital building
4 that it owns or operates and that meets the criteria specified in
5 paragraph (2), (3), or (5).

6 (2) The office may grant the additional extension if the hospital
7 building subject to the extension meets all of the following criteria:

8 (A) The hospital building is under construction at the time of
9 the request for extension under this subdivision and the purpose
10 of the construction is to meet the requirements of subdivision (a)
11 to allow the use of the building as a general acute care hospital
12 building after the extension deadline granted by the office pursuant
13 to subdivision (a) or (b).

14 (B) The hospital building plans were submitted to the office
15 and were deemed ready for review by the office at least four years
16 prior to the applicable deadline for the building. The hospital shall
17 indicate, upon submission of its plans, the SPC-1 building or
18 buildings that will be retrofitted or replaced to meet the
19 requirements of this section as a result of the project.

20 (C) The hospital received a building permit for the construction
21 described in subparagraph (A) at least two years prior to the
22 applicable deadline for the building.

23 (D) The hospital submitted a construction timeline at least two
24 years prior to the applicable deadline for the building demonstrating
25 the hospital's intent to meet the applicable deadline. The timeline
26 shall include all of the following:

- 27 (i) The projected construction start date.
28 (ii) The projected construction completion date.
29 (iii) Identification of the contractor.

30 (E) The hospital is making reasonable progress toward meeting
31 the timeline set forth in subparagraph (D), but factors beyond the
32 hospital's control make it impossible for the hospital to meet the
33 deadline.

34 (3) The office may grant the additional extension if the hospital
35 building subject to the extension meets all of the following criteria:

36 (A) The hospital building is owned by a health care district that
37 has, as owner, received the extension of the January 1, 2008,
38 deadline, but where the hospital is operated by an unaffiliated
39 third-party lessee pursuant to a facility lease that extends at least
40 through December 31, 2009. The district shall file a declaration

1 with the office with a request for an extension stating that, as of
2 the date of the filing, the district has lacked, and continues to lack,
3 unrestricted access to the subject hospital building for seismic
4 planning purposes during the term of the lease, and that the district
5 is under contract with the county to maintain hospital services
6 when the hospital comes under district control. The office shall
7 not grant the extension if an unaffiliated third-party lessee will
8 operate the hospital beyond December 31, 2010.

9 (B) The hospital building plans were submitted to the office
10 and were deemed ready for review by the office at least four years
11 prior to the applicable deadline for the building. The hospital shall
12 indicate, upon submission of its plans, the SPC-1 building or
13 buildings that will be retrofitted or replaced to meet the
14 requirements of this section as a result of the project.

15 (C) The hospital received a building permit for the construction
16 described in subparagraph (B) by December 31, 2011.

17 (D) The hospital submitted, by December 31, 2011, a
18 construction timeline for the building demonstrating the hospital's
19 intent and ability to meet the deadline of December 31, 2014. The
20 timeline shall include all of the following:

- 21 (i) The projected construction start date.
- 22 (ii) The projected construction completion date.
- 23 (iii) Identification of the contractor.

24 (E) The hospital building is under construction at the time of
25 the request for the extension, the purpose of the construction is to
26 meet the requirements of subdivision (a) to allow the use of the
27 building as a general acute care hospital building after the extension
28 deadline granted by the office pursuant to subdivision (a) or (b),
29 and the hospital is making reasonable progress toward meeting
30 the timeline set forth in subparagraph (D).

31 (F) The hospital granted an extension pursuant to this paragraph
32 shall submit an additional status report to the office, equivalent to
33 that required by subdivision (c) of Section 130061, no later than
34 June 30, 2013.

35 (4) An extension granted pursuant to paragraph (3) shall be
36 applicable only to the health care district applicant and its affiliated
37 hospital while the hospital is operated by the district or an entity
38 under the control of the district.

39 (5) The office may grant the additional extension if the hospital
40 building subject to the extension meets all of the following criteria:

1 (A) The hospital owner submitted to the office, prior to June
2 30, 2009, a request for review using current computer modeling
3 utilized by the office and based upon software developed by the
4 Federal Emergency Management Agency, referred to as Hazards
5 US, and the building was deemed SPC-1 after that review.

6 (B) The hospital building plans for the building are submitted
7 to the office and deemed ready for review by the office prior to
8 July 1, 2010. The hospital shall indicate, upon submission of its
9 plans, the SPC-1 building or buildings that shall be retrofitted or
10 replaced to meet the requirements of this section as a result of the
11 project.

12 (C) The hospital receives a building permit from the office for
13 the construction described in subparagraph (B) prior to January 1,
14 2012.

15 (D) The hospital submits, prior to January 1, 2012, a
16 construction timeline for the building demonstrating the hospital's
17 intent and ability to meet the applicable deadline. The timeline
18 shall include all of the following:

- 19 (i) The projected construction start date.
- 20 (ii) The projected construction completion date.
- 21 (iii) Identification of the contractor.

22 (E) The hospital building is under construction at the time of
23 the request for the extension, the purpose of the construction is to
24 meet the requirements of subdivision (a) to allow the use of the
25 building as a general acute care hospital building after the extension
26 deadline granted by the office pursuant to subdivision (a) or (b),
27 and the hospital is making reasonable progress toward meeting
28 the timeline set forth in subparagraph (D).

29 (F) The hospital owner completes construction such that the
30 hospital meets all criteria to enable the office to issue a certificate
31 of occupancy by the applicable deadline for the building.

32 (6) A hospital denied an extension pursuant to this subdivision
33 may appeal the denial to the Hospital Building Safety Board.

34 (7) The office may revoke an extension granted pursuant to this
35 subdivision for any hospital building where the work of
36 construction is abandoned or suspended for a period of at least one
37 year, unless the hospital demonstrates in a public document that
38 the abandonment or suspension was caused by factors beyond its
39 control.

(g) (1) Notwithstanding subdivisions (a), (b), (c), and (f), and Sections 130061.5 and 130064, a hospital that has received an extension of the January 1, 2008, deadline pursuant to subdivision (a) or (b) also may request an additional extension of up to seven years for a hospital building that it owns or operates. The office may grant the extension subject to the hospital meeting the milestones set forth in paragraph (2).

(2) The hospital building subject to the extension shall meet all of the following milestones, unless the hospital building is reclassified as SPC-2 or higher as a result of its Hazards US score:

(A) The hospital owner submits to the office, no later than ~~March 31~~ *September 30, 2012*, a letter of intent stating whether it intends to rebuild, replace, or retrofit the building, or remove all general acute care beds and services from the building, and the amount of time necessary to complete the construction.

(B) The hospital owner submits to the office, no later than ~~March 31~~ *September 30, 2012*, a schedule detailing why the requested extension is necessary, and specifically how the hospital intends to meet the requested deadline.

(C) The hospital owner submits to the office, no later than September 30, 2012, an application ready for review seeking structural reassessment of each of its SPC-1 buildings using current computer modeling based upon software developed by FEMA, referred to as Hazards US.

(D) The hospital owner submits to the office, no later than January 1, 2015, plans ready for review consistent with the letter of intent submitted pursuant to subparagraph (A) and the schedule submitted pursuant to subparagraph (B).

(E) The hospital owner submits a financial report to the office at the time the plans are submitted pursuant to subparagraph (D). The report shall demonstrate the hospital owner's financial capacity to implement the construction plans submitted pursuant to subparagraph (D).

(F) The hospital owner receives a building permit consistent with the letter of intent submitted pursuant to subparagraph (A) and the schedule submitted pursuant to subparagraph (B), no later than July 1, 2018.

(3) To evaluate public safety and determine whether to grant an extension of the deadline, the office shall consider the structural integrity of the hospital's SPC-1 buildings based on its Hazards

1 US scores, community access to essential hospital services, and
2 the hospital owner's financial capacity to meet the deadline as
3 determined by either a bond rating of BBB or below or the financial
4 report on the hospital owner's financial capacity submitted pursuant
5 to subparagraph (E) of paragraph (2). The criteria contained in this
6 paragraph shall be considered by the office in its determination of
7 the length of an extension or whether an extension should be
8 granted.

9 (4) The extension or subsequent adjustments granted pursuant
10 to this subdivision may not exceed the amount of time that is
11 reasonably necessary to complete the construction specified in
12 paragraph (2).

13 (5) If the circumstances underlying the request for extension
14 submitted to the office pursuant to paragraph (2) change, the
15 hospital owner shall notify the office as soon as practicable, but
16 in no event later than six months after the hospital owner
17 discovered the change of circumstances. The office may adjust the
18 length of the extension granted pursuant to paragraphs (2) and (3)
19 as necessary, but in no event longer than the period specified in
20 paragraph (1).

21 (6) A hospital denied an extension pursuant to this subdivision
22 may appeal the denial to the Hospital Building Safety Board.

23 (7) The office may revoke an extension granted pursuant to this
24 subdivision for any hospital building when it is determined that
25 any information submitted pursuant to this section was falsified,
26 or if the hospital failed to meet a milestone set forth in paragraph
27 (2), or where the work of construction is abandoned or suspended
28 for a period of at least six months, unless the hospital demonstrates
29 in a publicly available document that the abandonment or
30 suspension was caused by factors beyond its control.

31 (8) Regulatory submissions made by the office to the California
32 Building Standards Commission to implement this section shall
33 be deemed to be emergency regulations and shall be adopted as
34 emergency regulations.

35 (9) The hospital owner that applies for an extension pursuant
36 to this subdivision shall pay the office an additional fee, to be
37 determined by the office, sufficient to cover the additional
38 reasonable costs incurred by the office for maintaining the
39 additional reporting requirements established under this section,
40 including, but not limited to, the costs of reviewing and verifying

1 the extension documentation submitted pursuant to this subdivision.
2 This additional fee shall not include any cost for review of the
3 plans or other duties related to receiving a building or occupancy
4 permit.

5 (10) This subdivision shall become operative on the date that
6 the State Department of Health Care Services receives all necessary
7 federal approvals for a 2011–12 fiscal year hospital quality
8 assurance fee program that includes three hundred twenty million
9 dollars (\$320,000,000) in fee revenue to pay for health care
10 coverage for children, which is made available as a result of the
11 legislative enactment of a 2011–12 fiscal year hospital quality
12 assurance fee program.

11 *4024.7. The Governor or the Director of Health Care Services*

13 *Director of Mental Health and Substance Use Disorder Services*
14 *of the State Department of Health Care Services. The salary for*
15 *the deputy director shall be fixed in accordance with law.*

16 *SEC. 48. Section 4362 of the Welfare and Institutions Code is*
17 *amended to read:*

18 *4362. The Legislature finds all of the following:*

19 (a) *That state public policy discriminates against adults with*
20 *brain damage or degenerative brain disease, such as Alzheimer's*
21 *disease. This damage or disease is referred to as "brain*
22 *impairments" in this chapter.*

23 (b) *That the Legislature has declared state public policy and*
24 *accepted responsibility to ensure that persons under the age of 18*
25 *years who are developmentally disabled pursuant to Division 4.5*
26 *(commencing with Section 4500), receive services necessary to*
27 *meet their needs, which are often similar to those of persons who*
28 *suffer from brain impairments.*

29 (c) *That persons over the age of 18 who sustain brain impairment*
30 *have a variety of program and service needs for which there is no*
31 *clearly defined, ultimate responsibility vested in any single state*
32 *agency and for which there are currently a number of different*
33 *programs attempting to meet their needs.*

34 (d) *That the lack of clearly defined ultimate responsibility has*
35 *resulted in severe financial liability and physical and mental strain*
36 *on brain-impaired persons, their families, and caregivers.*

37 (e) *That terminology and nomenclature used to describe brain*
38 *impairments are varied and confusing, in part because of different*
39 *medical diagnoses and professional opinions, as well as differences*
40 *in terminology used by the various funding sources for programs*

1 and services. Uniformity is required in order to ensure that
2 appropriate programs and services are available throughout the
3 state to serve these persons.

4 (f) That the term “brain damage” covers a wide range of organic
5 and neurological disorders, and that these disorders, as identified
6 below, are not necessarily to be construed as mental illnesses.

7 These disorders include, but are not limited to, all of the following:

8 (1) Progressive, degenerative, and dementing illnesses,
9 including, but not limited to, presenile and senile dementias,
10 Alzheimer’s disease, multiinfarct disease, Pick’s disease, and
11 Kreutzfeldt-Jakob’s disease.

12 (2) Degenerative diseases of the central nervous system that
13 can lead to dementia or severe brain impairment, including, but
14 not limited to, epilepsy, multiple sclerosis, Parkinson’s disease,
15 amyotrophic lateral sclerosis (ALS), and hereditary diseases such
16 as Huntington’s disease.

17 (3) Permanent damage caused by cerebrovascular accidents
18 more commonly referred to as “strokes,” including, but not limited
19 to, cerebral hemorrhage, aneurysm, and embolism.

20 (4) Posttraumatic, postanoxic, and postinfectious damage caused
21 by incidents, including, but not limited to, coma, accidental skull
22 and closed head injuries, loss of oxygen (anoxia), and infections
23 such as encephalitis, herpes simplex, and tuberculosis.

24 (5) Permanent brain damage or temporary or progressive
25 dementia as a result of tumors (neoplasm), hydrocephalus,
26 abscesses, seizures, substance toxicity, and other disorders.

27 (g) That brain damage frequently results in functional
28 impairments that adversely affect personality, behavior, and ability
29 to perform daily activities. These impairments cause dependency
30 on others for care and decisionmaking. The manifestations of brain
31 damage include impairments of memory, cognitive ability,
32 orientation, judgment, emotional response, and social inhibition.
33 Brain damage can strike anyone regardless of age, race, sex,
34 occupation, or economic status.

35 (h) That Family Survival Project for Brain-Damaged Adults of
36 San Francisco, a three-year pilot project established pursuant to
37 former Chapter 4 (commencing with Section 4330), has
38 demonstrated that the most successful, cost-effective service model
39 is one which allows a nonprofit community agency to provide a
40 full array of support services to families that have a member who

1 suffers from a brain impairment. This agency provides direct
2 services, coordinates existing resources, and assists in the
3 development of new programs and services on a regional basis.

4 (i) That respite care services provide a combination of
5 time-limited, in-home, and out-of-home services that significantly
6 decrease the stress of family members and increase their ability to
7 maintain a brain-impaired person at home at less cost than other
8 alternatives. This ability is further increased when complemented
9 by case planning, care training, and other support services for
10 family members.

11 ~~(j) That, since 1977, the State Department of Mental Health has~~
12 ~~attempted to identify service gaps and determine a cost-effective,~~
13 ~~feasible approach to funding and providing services to~~
14 ~~brain-damaged adults, their families, and caregivers. That~~
15 ~~department has the experience of offering more in the continuum~~
16 ~~of programs and services than any other state agency and is willing~~
17 ~~to continue in the lead state agency capacity.~~

18 ~~(k)~~
19 (j) That providing services to brain-impaired adults, and to their
20 families and caregivers, requires the coordinated services of many
21 state departments and community agencies to ensure that no gaps
22 occur in communication, in the availability of programs, or in the
23 provision of services. ~~Although the services may include mental~~
24 ~~health interventions, they cannot be met solely by services of the~~
25 ~~State Department of Mental Health.~~

26 *SEC. 49. Section 4362.5 of the Welfare and Institutions Code*
27 *is amended to read:*

28 4362.5. As used in this chapter:

29 (a) “Brain damage,” “degenerative brain diseases,” and “brain
30 impairment” mean significant destruction of brain tissue with
31 resultant loss of brain function. Examples of causes of the
32 impairments are Alzheimer’s disease, stroke, traumatic brain injury,
33 and other impairments described in subdivision (f) of Section 4330.

34 (b) “Brain-impaired adult” means a person whose brain
35 impairment has occurred after the age of 18.

36 (c) “Respite care” means substitute care or supervision in
37 support of the caregiver for the purposes of providing relief from
38 the stresses of constant care provision and so as to enable the
39 caregiver to pursue a normal routine and responsibilities. Respite
40 care may be provided in the home or in an out-of-home setting,

1 such as day care centers or short-term placements in inpatient
2 facilities.

3 (d) “Family member” means any relative or court appointed
4 guardian or conservator who is responsible for the care of a
5 brain-impaired adult.

6 (e) “Caregiver” means any unpaid family member or individual
7 who assumes responsibility for the care of a brain-impaired adult.

8 (f) “*Director*” means the Director of Health Care Services.

9 SEC. 50. Section 4364 of the Welfare and Institutions Code is

20 resource centers and in designing a methodology for, the consistent
21 assessment of resources and needs within the geographic areas to
22 be serviced by the resource centers.

23 (j) Conduct conferences, as required by the director, for families,
24 caregivers, service providers, advocacy organizations, educational
25 institutions, business associations, community groups, and the
26 general public, in order to enhance the quality and availability of
27 high-quality, low-cost care and treatment of brain-impaired adults.

28 (k) Make recommendations, after consultation with appropriate
29 state department representatives, to the ~~Director of Mental Health~~
30 *director* and the Secretary of *California Health and Welfare Human*

5 *is amended to read:*

6 4364.5. The Statewide Resources Consultant, pursuant to
7 ~~subdivision (e) of Section 4362.5~~ *Section 4364*, shall do the
8 following:

31 *SEC. 68. Section 5892 of the Welfare and Institutions Code is*
32 *amended to read:*

33 5892. (a) In order to promote efficient implementation of this
34 ~~act allocate the following portions of funds available in, the county~~
35 *shall use funds distributed from the Mental Health Services Fund*
36 ~~in 2005–06 and each year thereafter as follows:~~

37 (1) In 2005–06, 2006–07, and in 2007–08 10 percent shall be
38 placed in a trust fund to be expended for education and training
39 programs pursuant to Part 3.1.

1 (2) In 2005–06, 2006–07 and in 2007–08 10 percent for capital
2 facilities and technological needs distributed to counties in
3 accordance with a formula developed in consultation with the
4 California Mental Health Directors Association to implement plans
5 developed pursuant to Section 5847.

6 (3) *Twenty percent of funds distributed to the counties pursuant*
7 *to subdivision (c) of Section 5891 shall be used for prevention and*
8 *early intervention programs distributed to counties in accordance*
9 *with a formula developed in consultation with the California*
10 *Mental Health Directors Association pursuant to Part 3.6*
11 *(commencing with Section 5840) of this division.*

12 (4) ~~The allocation expenditure for prevention and early~~
13 ~~intervention may be increased in any county in which the~~
14 ~~department determines that the increase will decrease the need and~~
15 ~~cost for additional services to severely mentally ill persons in that~~
16 ~~county by an amount at least commensurate with the proposed~~
17 ~~increase. The statewide allocation for prevention and early~~
18 ~~intervention may be increased whenever the Mental Health Services~~
19 ~~Oversight and Accountability Commission determines that all~~
20 ~~counties are receiving all necessary funds for services to severely~~
21 ~~mentally ill persons and have established prudent reserves and~~
22 ~~there are additional revenues available in the fund.~~

23 (5) The balance of funds shall be distributed to county mental
24 health programs for services to persons with severe mental illnesses
25 pursuant to Part 4 (commencing with Section 5850), for the
26 children’s system of care and Part 3 (commencing with Section
27 5800), for the adult and older adult system of care.

28 (6) Five percent of the total funding for each county mental
29 health program for Part 3 (commencing with Section 5800), Part
30 3.6 (commencing with Section 5840), and Part 4 (commencing
31 with Section 5850) of this division, shall be utilized for innovative
32 programs in accordance with Sections 5830, 5847, and 5848.

33 (b) In any year after 2007–08, programs for services pursuant
34 to Part 3 (commencing with Section 5800), and Part 4
35 (commencing with Section 5850) of this division may include
36 funds for technological needs and capital facilities, human resource
37 needs, and a prudent reserve to ensure services do not have to be
38 significantly reduced in years in which revenues are below the
39 average of previous years. The total allocation for purposes
40 authorized by this subdivision shall not exceed 20 percent of the

1 average amount of funds allocated to that county for the previous
2 five years pursuant to this section.

3 (c) The allocations pursuant to subdivisions (a) and (b) shall
4 include funding for annual planning costs pursuant to Section 5848.
5 The total of these costs shall not exceed 5 percent of the total of
6 annual revenues received for the fund. The planning costs shall
7 include funds for county mental health programs to pay for the
8 costs of consumers, family members, and other stakeholders to
9 participate in the planning process and for the planning and
10 implementation required for private provider contracts to be
11 significantly expanded to provide additional services pursuant to
12 Part 3 (commencing with Section 5800), and Part 4 (commencing
13 with Section 5850) of this division.

14 (d) Prior to making the allocations pursuant to subdivisions (a),
15 (b), and (c), funds shall be reserved for the costs for the State
16 Department of ~~Mental Health Care Services~~, the California Mental
17 Health Planning Council, ~~and the Office of Statewide Health~~
18 ~~Planning and Development~~, the Mental Health Services Oversight
19 and Accountability Commission, ~~the State Department of Public~~
20 ~~Health, and any other state agency~~ to implement all duties pursuant
21 to the programs set forth in this section. These costs shall not
22 exceed 3.5 percent of the total of annual revenues received for the
23 fund. The administrative costs shall include funds to assist
24 consumers and family members to ensure the appropriate state and
25 county agencies give full consideration to concerns about quality,
26 structure of service delivery, or access to services. The amounts
27 allocated for administration shall include amounts sufficient to
28 ensure adequate research and evaluation regarding the effectiveness
29 of services being provided and achievement of the outcome
30 measures set forth in Part 3 (commencing with Section 5800), Part
31 3.6 (commencing with Section 5840), and Part 4 (commencing
32 with Section 5850) of this division. The amount of funds available
33 for the purposes of this subdivision in any fiscal year shall be
34 subject to appropriation in the annual Budget Act.

35 (e) In 2004–05 funds shall be allocated as follows:

36 (1) Forty-five percent for education and training pursuant to
37 Part 3.1 (commencing with Section 5820) of this division.

38 (2) Forty-five percent for capital facilities and technology needs
39 in the manner specified by paragraph (2) of subdivision (a).

1 (3) Five percent for local planning in the manner specified in
2 subdivision (c).

3 (4) Five percent for state implementation in the manner specified
4 in subdivision (d).

5 (f) Each county shall place all funds received from the State
6 Mental Health Services Fund in a local Mental Health Services
7 Fund. The Local Mental Health Services Fund balance shall be
8 invested consistent with other county funds and the interest earned
9 on the investments shall be transferred into the fund. The earnings
10 on investment of these funds shall be available for distribution
11 from the fund in future years.

12 (g) All expenditures for county mental health programs shall
13 be consistent with a currently approved plan or update pursuant
14 to Section 5847.

15 (h) Other than funds placed in a reserve in accordance with an
16 approved plan, any funds allocated to a county which have not
17 been spent for their authorized purpose within three years shall
18 revert to the state to be deposited into the fund and available for
19 other counties in future years, provided however, that funds for
20 capital facilities, technological needs, or education and training
21 may be retained for up to 10 years before reverting to the fund.

22 (i) If there are still additional revenues available in the fund
23 after the Mental Health Services Oversight and Accountability
24 Commission has determined there are prudent reserves and no
25 unmet needs for any of the programs funded pursuant to this
26 section, including all purposes of the Prevention and Early
27 Intervention Program, the commission shall develop a plan for
28 expenditures of these revenues to further the purposes of this act
29 and the Legislature may appropriate these funds for any purpose
30 consistent with the commission's adopted plan which furthers the
31 purposes of this act.

32 (j) For the 2011–12 fiscal year, General Fund revenues will be
33 insufficient to fully fund many existing mental health programs,
34 including Early and Periodic Screening, Diagnosis, and Treatment
35 (EPSDT), Medi-Cal Specialty Mental Health Managed Care, and
36 mental health services provided for special education pupils. In
37 order to adequately fund those programs for the 2011–12 fiscal
38 year and avoid deeper reductions in programs that serve individuals
39 with severe mental illness and the most vulnerable, medically
40 needy citizens of the state, prior to distribution of funds under

paragraphs (1) to (6), inclusive, of subdivision (a), effective July 1, 2011, moneys shall be allocated from the Mental Health Services Fund to the counties as follows:

(1) Commencing July 1, 2011, one hundred eighty-three million six hundred thousand dollars (\$183,600,000) of the funds available as of July 1, 2011, in the Mental Health Services Fund, shall be allocated in a manner consistent with subdivision (c) of Section 5778 and based on a formula determined by the state in consultation with the California Mental Health Directors Association to meet the fiscal year 2011–12 General Fund obligation for Medi-Cal Specialty Mental Health Managed Care.

(2) Upon completion of the allocation in paragraph (1), the Controller shall distribute to counties ninety-eight million five hundred eighty-six thousand dollars (\$98,586,000) from the Mental Health Services Fund for mental health services for special education pupils based on a formula determined by the state in consultation with the California Mental Health Directors Association.

(3) Upon completion of the allocation in paragraph (2), the Controller shall distribute to counties 50 percent of their 2011–12 Mental Health Services Act component allocations consistent with Sections 5847 and 5891, not to exceed four hundred eighty-eight million dollars (\$488,000,000). This allocation shall commence beginning August 1, 2011.

(4) Upon completion of the allocation in paragraph (3), and as revenues are deposited into the Mental Health Services Fund, the Controller shall distribute five hundred seventy-nine million dollars (\$579,000,000) from the Mental Health Services Fund to counties to meet the General Fund obligation for EPSDT for fiscal year 2011–12. These revenues shall be distributed to counties on a quarterly basis and based on a formula determined by the state in consultation with the California Mental Health Directors Association. These funds shall not be subject to reconciliation or cost settlement.

(5) The Controller shall distribute to counties the remaining 2011–12 Mental Health Services Act component allocations consistent with Sections 5847 and 5891, beginning no later than April 30, 2012. These remaining allocations shall be made on a monthly basis.

(6) The total one-time allocation from the Mental Health Services Fund for EPSDT, Medi-Cal Specialty Mental Health Managed Care, and mental health services provided to special education pupils as referenced shall not exceed eight hundred sixty-two million dollars (\$862,000,000). Any revenues deposited in the Mental Health Services Fund in fiscal year 2011–12 that exceed this obligation shall be distributed to counties for remaining fiscal year 2011–12 Mental Health Services Act component allocations, consistent with Sections 5847 and 5891.

(k) Subdivision (j) shall not be subject to repayment.

(l) Subdivision (j) shall become inoperative on July 1, 2012.

27 payment adjustments under distribution programs relating to
28 disproportionate share hospitals.

29 (f) Distributions from the fund shall not serve as the state's
30 payment adjustment program under Section 1923 of the *federal*

14 temporary rate for purposes of Section 1932(b)(2)(D) of the *federal*
15 Social Security Act (SSA), which became effective January 1,
16 2007, shall make reconciliations and adjustments for all hospital
17 payments made since January 1, 2007, based upon rates published
18 by the department pursuant to Section 1932(b)(2)(D) of the SSA
19 and effective January 1, 2007, to June 30, 2008, inclusive, and, if
20 applicable, provide supplemental payments to hospitals as
21 necessary to make payments that conform with Section
22 1932(b)(2)(D) of the SSA. In order to provide managed care health
23 plans with 60 working days to make any necessary supplemental
24 payments to hospitals prior to these payments becoming subject
25 to the payment of interest, Section 1300.71 of Title 28 of the
26 California Code of Regulations shall not apply to these
27 supplemental payments until 30 working days following the
28 publication by the department of the rates.

29 (e) (1) The department shall provide a written report to the
30 policy and fiscal committees of the Legislature on October 1, 2009,
31 and May 1, 2010, on the implementation and impact made by this
32 section, including the impact of these changes on access to
33 hospitals by managed care enrollees and on contracting between
34 hospitals and managed care health plans, including the increase
35 or decrease in the number of these contracts.

36 (2) Not later than August 1, 2010, the department shall report
37 to the Legislature on the implementation of this section. The report
38 shall include, but not be limited to, information and analyses
39 addressing managed care enrollee access to hospital services, the
40 impact of this section on managed care health plan capitation rates,

1 the impact of this section on the extent of contracting between
2 managed care health plans and hospitals, and fiscal impact on the
3 state.

4 (3) For the purposes of preparing the ~~annual~~ status reports and
5 the final evaluation report required pursuant to this subdivision,
6 Medi-Cal managed care health plans shall provide the department
7 with all data and documentation, including contracts with providers,
8 including hospitals, as deemed necessary by the department to
9 evaluate the impact of the implementation of this section. In order
10 to ensure the confidentiality of managed care health plan
11 proprietary information, and thereby enable the department to have
12 access to all of the data necessary to provide the Legislature with
13 accurate and meaningful information regarding the impact of this
14 section, all information and documentation provided to the
15 department pursuant to this section shall be considered proprietary
16 and shall be exempt from disclosure as official information
17 pursuant to subdivision (k) of Section 6254 of the Government
18 Code as contained in the California Public Records Act (~~Division~~
19 ~~7~~ (*Chapter 3.5* (commencing with Section 6250) of *Division 7* of

39 SEC. 82. Section 14105.196 is added to the Welfare and

40 *similar instructions, without taking regulatory action.*

1 (f) Notwithstanding paragraph (1) of subdivision (b), if a final
2 judicial determination is made by any state or federal court that
3 is not appealed, in any action by any party, or a final determination
4 is made by the administrator of the federal Centers for Medicare
5 and Medicaid Services, that any payments pursuant to this section
6 are invalid, unlawful, or contrary to any provision of federal law
7 or regulations, or of state law, this section shall become
8 inoperative.

9 (g) (1) The director shall implement the increased payments
10 for primary care services and primary specialties provided for in
11 this section only to the extent that the federal medical assistance
12 percentage is equal to 100 percent.

13 (2) In assessing whether federal financial participation is
14 available, the director shall determine whether the payments
15 comply with applicable federal Medicaid requirements, including
16 those set forth in Section 1396a(a)(30)(A) of Title 42 of the United
17 States Code.

18 (3) To the extent that the director determines that the payments
19 do not comply with applicable federal Medicaid requirements, the
20 director shall retain the discretion not to implement the changes
21 and may revise the payments as necessary to comply with the
22 federal Medicaid requirements.

23 (h) This section shall remain in effect only until January 1, 2015,
24 and as of that date is repealed, unless a later enacted statute, that
25 is enacted before January 1, 2015, deletes or extends that date.

26 SEC. 83. Section 14105.22 of the Welfare and Institutions Code
27 is amended to read:

28 14105.22. (a) (1) Reimbursement for clinical laboratory or
29 laboratory services, as defined in Section 51137.2 of Title 22 of
30 the California Code of Regulations, may not exceed 80 percent of
31 the lowest maximum allowance established by the federal Medicare
32 ~~program~~ Program for the same or similar services.

33 (2) This subdivision shall be implemented only until the new
34 rate methodology under subdivision (b) is approved by the federal
35 Centers for Medicare and Medicaid Services (CMS).

36 (b) (1) It is the intent of the Legislature that the department
37 develop payment rates for clinical laboratory or laboratory
38 services that are comparable to the payment amounts received
39 from other payers for laboratory services. Development of these
40 rates will enable the department to reimburse clinical laboratory

1 or laboratory service providers in compliance with state and
2 federal law.

3 (2) (A) The provisions of Section 51501(a) of Title 22 of the
4 California Code of Regulations shall not apply to the new rate
5 methodology developed for clinical laboratories or laboratory
6 services pursuant to this subdivision.

7 (B) In addition to subparagraph (A), any payment reductions
8 implemented pursuant to this section shall not be subject to the
9 provisions of Section 51501(a) of Title 22 of the California Code
10 of Regulations for 12 months following the date of implementation
11 of this reduction.

12 (3) Reimbursement to providers for clinical laboratory or
13 laboratory services shall not exceed the lowest of the following:

14 (A) The amount billed.

15 (B) The charge to the general public.

16 (C) Eighty percent of the lowest maximum allowance established
17 by the federal Medicare Program for the same or similar services.

18 (D) A reimbursement rate based on an average of the lowest
19 amount that other payers and other state Medicaid programs are
20 paying for similar clinical laboratory services.

21 (4) In addition to the payment reductions implemented pursuant
22 to Section 14105.192, payments shall be reduced by up to 10
23 percent for clinical laboratory or laboratory services, as defined
24 in Section 51137.2 of Title 22 of the California Code of
25 Regulations, for dates of service on and after July 1, 2012. The
26 payment reductions pursuant to this paragraph shall continue until
27 the new rate methodology under this subdivision has been approved
28 by CMS.

29 (5) (A) For purposes of establishing reimbursement rates for
30 clinical laboratory or laboratory services based on the lowest
31 amounts other payers are paying providers for similar laboratory
32 services, laboratory service providers shall submit data reports
33 within six months of the date the act that added this paragraph
34 becomes effective and annually thereafter. The data provided shall
35 be based on the previous calendar year and shall specify the
36 provider's usual and customary payments, reflecting Medi-Cal,
37 other state Medicaid programs, private insurance, and Medicare
38 payment data, minus discounts and rebates.

39 (B) The data submitted pursuant to subparagraph (A) may be
40 used to determine reimbursement rates by procedure code based

1 on an average of the lowest amount other payers are paying
2 providers for similar laboratory services, excluding significant
3 deviations of cost or volume factors and with consideration to
4 geographical areas.

5 (C) For purposes of subparagraph (B), the department may
6 contract with a vendor for the purposes of collecting payment data
7 reports from clinical laboratories, analyzing payment information,
8 and calculating a proposed rate.

9 (D) The proposed rates calculated by the vendor described in
10 subparagraph (C) may be used in determining the lowest
11 reimbursement rate for clinical laboratories or laboratory services
12 in accordance with paragraph (3).

13 (E) Data reports submitted to the department shall be certified
14 by the provider's certified financial officer or an authorized
15 individual.

16 (F) Clinical laboratory providers that fail to submit data reports
17 within 30 working days from the time requested by the department
18 shall be subject to the suspension provisions of subdivisions (a)
19 and (c) of Section 14123.

20 (6) Data reports provided to the department pursuant to this
21 section shall be confidential and shall be exempt from disclosure
22 under the California Public Records Act (Chapter 3.5 (commencing
23 with Section 6250) of Division 7 of Title 1 of the Government
24 Code).

25 (7) The department shall seek stakeholder input on the rate
26 setting methodology.

27 (8) (A) Notwithstanding Chapter 3.5 (commencing with Section
28 11340) of Part 1 of Division 3 of Title 2 of the Government Code,
29 the department shall, without taking any further regulatory action,
30 implement, interpret, or make specific this section by means of
31 provider bulletins or similar instructions until regulations are
32 adopted. It is the intent of the Legislature that the department have
33 temporary authority as necessary to implement program changes
34 until completion of the regulatory process.

35 (B) The department shall adopt emergency regulations no later
36 than July 1, 2014. The department may readopt any emergency
37 regulation authorized by this section that is the same as or
38 substantially equivalent to an emergency regulation previously
39 adopted pursuant to this section. The initial adoption of emergency
40 regulations implementing the amendments to this section and the

1 *one readoption of emergency regulations authorized by this section*
2 *shall be deemed an emergency and necessary for the immediate*
3 *preservation of the public peace, health, safety, or general welfare.*
4 *Initial emergency regulations and the one readoption of emergency*
5 *regulations authorized by this section shall be exempt from review*
6 *by the Office of Administrative Law.*

7 *(C) The initial emergency regulations and the one readoption*
8 *of emergency regulations authorized by this section shall be*
9 *submitted to the Office of Administrative Law for filing with the*
10 *Secretary of State and each shall remain in effect for no more than*
11 *180 days, by which time final regulations may be adopted.*

12 *(9) To the extent that the director determines that the new*
13 *methodology or payment reductions are not consistent with the*
14 *requirements of Section 1396a(a)(30)(A) of Title 42 of the United*
15 *States Code, the department may revert to the methodology under*
16 *subdivision (a) to ensure access to care is not compromised.*

17 *(10) (A) The department shall implement this section in a*
18 *manner that is consistent with federal Medicaid law and*
19 *regulations. The director shall seek any necessary federal*
20 *approvals for the implementation of this section. This section shall*
21 *be implemented only to the extent that federal approval is obtained.*

22 *(B) In determining whether federal financial participation is*
23 *available, the director shall determine whether the rates and*
24 *payments comply with applicable federal Medicaid requirements,*
25 *including those set forth in Section 1396a(a)(30)(A) of Title 42 of*
26 *the United States Code.*

27 *(C) To the extent that the director determines that the rates and*
28 *payments do not comply with applicable federal Medicaid*
29 *requirements or that federal financial participation is not available*
30 *with respect to any reimbursement rate, the director retains the*
31 *discretion not to implement that rate or payment and may revise*
32 *the rate or payment as necessary to comply with federal Medicaid*
33 *requirements. The department shall notify the Joint Legislative*
34 *Budget Committee 10 days prior to revising the rate or payment*
35 *to comply with federal Medicaid requirements.*

36 *SEC. 84. Section 14134 of the Welfare and Institutions Code,*
37 *as amended by Chapter 3 of the Statutes of 2011, is amended to*
38 *read:*

39 *14134. (a) Except for any prescription, refill, visit, service,*
40 *device, or item for which the program's payment is ten dollars*

1 (\$10) or less, in which case no copayment shall be required, a
2 recipient of services under this chapter shall be required to make
3 copayments not to exceed the maximum permitted under federal
4 regulations or federal waivers as follows:

5 (1) Copayment of five dollars (\$5) shall be made for
6 nonemergency services received in an *emergency department or*
7 *emergency room when the services do not result in the treatment*
8 *of an emergency medical condition or inpatient admittance.* For
9 the purposes of this section, “nonemergency services” means ~~any~~
10 ~~services not required for the alleviation of severe pain or the~~
11 ~~immediate diagnosis and treatment of severe medical conditions~~
12 ~~which, if not immediately diagnosed and treated, would lead to~~
13 ~~disability or death.~~ *to, as appropriate, medically screen, examine,*
14 *evaluate, or stabilize an emergency medical condition that*
15 *manifests itself by acute symptoms of sufficient severity, including*
16 *severe pain, such that the absence of immediate medical attention*
17 *could reasonably be expected to result in any of the following:*

18 (A) *Placing the individual’s health, or, with respect to a*
19 *pregnant woman, the health of the woman or her unborn child, in*
20 *serious jeopardy.*

21 (B) *Serious impairment to bodily functions.*

22 (C) *Serious dysfunction of any bodily organ or part.*

23 (2) Copayment of one dollar (\$1) shall be made for each drug
24 prescription or refill.

25 (3) Copayment of one dollar (\$1) shall be made for each visit
26 for services under subdivisions (a) and (h) of Section 14132.

27 (4) The copayment amounts set forth in paragraphs (1), (2), and
28 (3) may be collected and retained or waived by the provider.

29 (5) The department shall not reduce the reimbursement otherwise
30 due to providers as a result of the copayment. The copayment
31 amounts shall be in addition to any reimbursement otherwise due
32 the provider for services rendered under this program.

33 (6) This section does not apply to emergency services, family
34 planning services, or to any services received by:

35 (A) Any child in AFDC-Foster Care, as defined in Section
36 11400.

37 (B) Any person who is an inpatient in a health facility, as defined
38 in Section 1250 of the Health and Safety Code.

39 (C) Any person 18 years of age or under.

40 (D) Any woman receiving perinatal care.

1 (7) Paragraph (2) does not apply to any person 65 years of age
2 or over.

3 (8) A provider of service shall not deny care or services to an
4 individual solely because of that person's inability to copay under
5 this section. An individual shall, however, remain liable to the
6 provider for any copayment amount owed.

7 (9) The department shall seek any federal waivers necessary to
8 implement this section. The provisions for which appropriate
9 federal waivers cannot be obtained shall not be implemented, but
10 provisions for which waivers are either obtained or found to be
11 unnecessary shall be unaffected by the inability to obtain federal
12 waivers for the other provisions.

13 (10) The director shall adopt any regulations necessary to
14 implement this section as emergency regulations in accordance
15 with Chapter 3.5 (commencing with Section 11340) of Part 1 of
16 Division 3 of Title 2 of the Government Code. The adoption of
17 the regulations shall be deemed to be an emergency and necessary
18 for the immediate preservation of the public peace, health and
19 safety, or general welfare. The director shall transmit these
20 emergency regulations directly to the Secretary of State for filing
21 and the regulations shall become effective immediately upon filing.
22 Upon completion of the formal regulation adoption process and
23 prior to the expiration of the 120 day duration period of emergency
24 regulations, the director shall transmit directly to the Secretary of
25 State for filing the adopted regulations, the rulemaking file, and
26 the certification of compliance as required by subdivision (e) of
27 Section 11346.1 of the Government Code.

28 (b) This section, *or subdivisions thereof, if applicable*, shall
29 become inoperative on the implementation date for copayments
30 stated in the declaration executed by the director pursuant to
31 Section 14134 as added by Section 101.5 of the act that added this
32 subdivision, ~~and is repealed on January 1 of the following year.~~

33 *SEC. 85. Section 14134 of the Welfare and Institutions Code,*
34 *as added by Chapter 3 of the Statutes of 2011, is amended to read:*

35 14134. (a) The Legislature finds and declares all of the
36 following:

37 (1) Costs within the Medi-Cal program continue to grow due
38 to the rising cost of providing health care throughout the state and
39 also due to increases in enrollment, which are more pronounced
40 during difficult economic times.

(2) In order to minimize the need for drastically cutting enrollment standards or benefits or imposing further reductions on Medi-Cal providers during times of economic crisis, it is crucial to find areas within the program where beneficiaries can share responsibility for utilization of health care, whether they are participating in the fee-for-service or the managed care model of service delivery.

(3) The establishment of cost-sharing obligations within the Medi-Cal program is complex and is subject to close supervision by the United States Department of Health and Human Services.

(4) As the single state agency for Medicaid in California, the State Department of Health Care Services has unique expertise that can inform decisions that set or adjust cost-sharing responsibilities for Medi-Cal beneficiaries receiving health care services.

(b) Therefore, it is the intent of the Legislature for the department to obtain federal approval to implement cost-sharing for Medi-Cal beneficiaries and permit providers to require that individuals meet their cost-sharing obligation prior to receiving care or services.

(c) A Medi-Cal beneficiary shall be required to make copayments as described in this section. These copayments represent a contribution toward the rate of payment made to providers of Medi-Cal services and shall be as follows:

(1) Copayment of up to fifty dollars (\$50) shall be made for nonemergency services received in an *emergency department or emergency room when the services do not result in the treatment of an emergency condition or inpatient admittance*. For the purposes of this section, “nonemergency services” means services ~~not required for the alleviation of severe pain or the immediate diagnosis and treatment of unforeseen medical conditions that, if not immediately diagnosed and treated, would lead to disability or death.~~ *to, as appropriate, medically screen, examine, evaluate, or stabilize an emergency medical condition that manifests itself by acute symptoms of sufficient severity, including severe pain, such that the absence of immediate medical attention could reasonably be expected to result in any of the following:*

(A) *Placing the individual’s health, or, with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.*

1 (B) *Serious impairment to bodily functions.*

2 (C) *Serious dysfunction of any bodily organ or part.*

3 (2) Copayment of up to fifty dollars (\$50) shall be made for
4 emergency services received in an *emergency department or*
5 *emergency room when the services result in the treatment of an*
6 *emergency medical condition or inpatient admittance.* For purposes
7 of this section, “emergency services” means services required ~~for~~
8 ~~the alleviation of severe pain or the immediate diagnosis and~~
9 ~~treatment of unforeseen medical conditions that, if not immediately~~
10 ~~diagnosed and treated, would lead to disability or death.~~ *to, as*
11 *appropriate, medically screen, examine, evaluate, or stabilize an*
12 *emergency medical condition that manifests itself by acute*
13 *symptoms of sufficient severity, including severe pain, such that*
14 *the absence of immediate medical attention could reasonably be*
15 *expected to result in any of the following:*

16 (A) *Placing the individual’s health, or, with respect to a*
17 *pregnant woman, the health of the woman or her unborn child, in*
18 *serious jeopardy.*

19 (B) *Serious impairment to bodily functions.*

20 (C) *Serious dysfunction of any bodily organ or part.*

21 (3) Copayment of up to one hundred dollars (\$100) shall be
22 made for each hospital inpatient day, up to a maximum of two
23 hundred dollars (\$200) per admission.

24 (4) Copayment of up to three dollars (\$3) shall be made for each
25 preferred drug prescription or refill. A copayment of up to five
26 dollars (\$5) shall be made for each nonpreferred drug prescription
27 or refill. Except as provided in subdivision (g), “preferred drug”
28 shall have the same meaning as in Section 1916A of the Social
29 Security Act (42 U.S.C. Sec. 1396o-1).

30 (5) Copayment of up to five dollars (\$5) shall be made for each
31 visit for services under subdivision (a) of Section 14132 and for
32 dental services received on an outpatient basis provided as a
33 Medi-Cal benefit pursuant to this chapter or Chapter 8
34 (commencing with Section 14200), as applicable.

35 (6) This section does not apply to services provided pursuant
36 to subdivision (aa) of Section 14132.

37 (d) The copayments established pursuant to subdivision (c) shall
38 be set by the department, at the maximum amount provided for in
39 the applicable paragraph, except that each copayment amount shall

1 not exceed the maximum amount allowable pursuant to the state
2 plan amendments or other federal approvals.

3 (e) The copayment amounts set forth in subdivision (c) may be
4 collected and retained or waived by the provider. The department
5 shall deduct the amount of the copayment from the payment the
6 department makes to the provider whether retained, waived, or not
7 collected by the provider.

8 (f) Notwithstanding any other provision of law, and only to the
9 extent allowed pursuant to federal law, a provider of service has
10 no obligation to provide services to a Medi-Cal beneficiary who
11 does not, at the point of service, pay the copayment assessed
12 pursuant to this section. If the provider provides services without
13 collecting the copayment, and has not waived the copayment, the
14 provider may hold the beneficiary liable for the copayment amount
15 owed.

16 (g) (1) Notwithstanding any other provision of law, except as
17 described in paragraph (2), this section shall apply to Medi-Cal
18 beneficiaries enrolled in a health plan contracting with the
19 department pursuant to this chapter or Chapter 8 (commencing
20 with Section 14200), except for *the* Senior Care Action Network
21 or AIDS Healthcare Foundation. To the extent permitted by federal
22 law and pursuant to any federal waivers or state plan adjustments
23 obtained, a managed care health plan may establish a lower
24 copayment or no copayment.

25 (2) For the purpose of paragraph (4) of subdivision (c),
26 copayments assessed against a beneficiary who receives Medi-Cal
27 services through a health plan described in paragraph (1) shall be
28 based on the plan's designation of a drug as preferred or
29 nonpreferred.

30 (3) To the extent provided by federal law, capitation payments
31 shall be calculated on an actuarial basis as if copayments described
32 in this section were collected.

33 (h) This section shall be implemented only to the extent that
34 federal financial participation is available. The department shall
35 seek and obtain any federal waivers or state plan amendments
36 necessary to implement this section. The provisions for which
37 appropriate federal waivers or state plan amendments cannot be
38 obtained shall not be implemented, but provisions for which
39 waivers or state plan amendments are either obtained or found to

1 be unnecessary shall be unaffected by the inability to obtain federal
2 waivers or state plan amendments for the other provisions.

3 (i) Notwithstanding Chapter 3.5 (commencing with Section
4 11340) of Part 1 of Division 3 of Title 2 of the Government Code,
5 the department may implement, interpret, or make specific this
6 section by means of all-county letters, all-plan letters, provider
7 bulletins, or similar instructions, without taking further regulatory
8 actions.

9 (j) (1) This section shall become operative on the date that the
10 act adding this section is effective, but shall not be implemented
11 until the date in the declaration executed by the director pursuant
12 to paragraph (2). In no event shall the director set an
13 implementation date prior to the date federal approval is received.

14 (2) The director shall execute a declaration that states the date
15 that implementation of the copayments described in this section
16 *or subdivisions thereof, if applicable*, will commence and shall
17 post the declaration on the department's Internet Web site and
18 provide a copy of the declaration to the Chair of the Joint
19 Legislative Budget Committee, the Chief Clerk of the Assembly,
20 the Secretary of the Senate, the Office of the Legislative Counsel,
21 and the Secretary of State.

22 *SEC. 86. Section 14134.1 of the Welfare and Institutions Code*
23 *is amended to read:*

24 14134.1. (a) Except as provided in paragraph (2) of subdivision
25 (a) of Section 14134, no provider under this chapter may deny care
26 or services to an individual eligible for care or services under this
27 chapter because of the individual's inability to pay a copayment,
28 as defined in Section 14134. The requirements of this section shall
29 not extinguish the liability of the individual to whom the care or
30 services were furnished for payment of the copayment.

31 (b) Notwithstanding Chapter 3.5 (commencing with Section
32 11340) of Part 1 of Division 3 of Title 2 of the Government Code,
33 the department may implement, interpret, or make specific this
34 section by means of all-county letters, provider bulletins, or similar
35 instructions, without taking further regulatory action.

36 (c) This section shall become inoperative *to the extent, and on*
37 *the implementation date for, copayments as stated in the declaration*
38 *executed by the director pursuant to Section 14134 as added by*
39 *Section 101.5 of the act that added this subdivision, and is repealed*
40 *on January 1 of the following year.*

1 *SEC. 87. Section 14154 of the Welfare and Institutions Code*
2 *is amended to read:*

3 14154. (a) (1) The department shall establish and maintain a
4 plan whereby costs for county administration of the determination
5 of eligibility for benefits under this chapter will be effectively
6 controlled within the amounts annually appropriated for that
7 administration. The plan, to be known as the County Administrative
8 Cost Control Plan, shall establish standards and performance
9 criteria, including workload, productivity, and support services
10 standards, to which counties shall adhere. The plan shall include
11 standards for controlling eligibility determination costs that are
12 incurred by performing eligibility determinations at county
13 hospitals, or that are incurred due to the outstationing of any other
14 eligibility function. Except as provided in Section 14154.15,
15 reimbursement to a county for outstationed eligibility functions
16 shall be based solely on productivity standards applied to that
17 county's welfare department office.

18 (2) (A) The plan shall delineate both of the following:

19 (i) The process for determining county administration base costs,
20 which include salaries and benefits, support costs, and staff
21 development.

22 (ii) The process for determining funding for caseload changes,
23 cost-of-living adjustments, and program and other changes.

24 (B) The annual county budget survey document utilized under
25 the plan shall be constructed to enable the counties to provide
26 sufficient detail to the department to support their budget requests.

27 (3) The plan shall be part of a single state plan, jointly developed
28 by the department and the State Department of Social Services, in
29 conjunction with the counties, for administrative cost control for
30 the California Work Opportunity and Responsibility to Kids
31 (CalWORKs), CalFresh, and Medical Assistance (Medi-Cal)
32 programs. Allocations shall be made to each county and shall be
33 limited by and determined based upon the County Administrative
34 Cost Control Plan. In administering the plan to control county
35 administrative costs, the department shall not allocate state funds
36 to cover county cost overruns that result from county failure to
37 meet requirements of the plan. The department and the State
38 Department of Social Services shall budget, administer, and
39 allocate state funds for county administration in a uniform and
40 consistent manner.

1 (4) The department and county welfare departments shall
2 develop procedures to ensure the data clarity, consistency, and
3 reliability of information contained in the county budget survey
4 document submitted by counties to the department. These
5 procedures shall include the format of the county budget survey
6 document and process, data submittal and its documentation, and
7 the use of the county budget survey documents for the development
8 of determining county administration costs. Communication
9 between the department and the county welfare departments shall
10 be ongoing as needed regarding the content of the county budget
11 surveys and any potential issues to ensure the information is
12 complete and well understood by involved parties. Any changes
13 developed pursuant to this section shall be incorporated within the
14 state's annual budget process by no later than the 2011–12 fiscal
15 year.

16 (5) The department shall provide a clear narrative description
17 along with fiscal detail in the Medi-Cal estimate package, submitted
18 to the Legislature in January and May of each year, of each
19 component of the county administrative funding for the Medi-Cal
20 program. This shall describe how the information obtained from
21 the county budget survey documents was utilized and, where
22 applicable, modified and the rationale for the changes.

23 (6) Notwithstanding any other provision of law, the department
24 shall develop and implement, in consultation with county program
25 and fiscal representatives, a new budgeting methodology for
26 Medi-Cal county administrative costs. The new budgeting
27 methodology shall be used to reimburse counties for eligibility
28 determinations for applicants and beneficiaries, including one-time
29 eligibility processing and ongoing case maintenance.

30 (A) The budgeting methodology shall include, but is not limited
31 to, identification of the costs of eligibility determinations for
32 applicants, and the costs of eligibility redeterminations and case
33 maintenance activities for recipients, for different groupings of
34 cases. The groupings of cases shall be based on variations in time
35 and resources needed to conduct eligibility determinations. The
36 calculation of time and resources shall be based on the following
37 factors: complexity of eligibility rules, ongoing eligibility
38 requirements, and other factors as determined appropriate by the
39 department.

1 (B) The new budgeting methodology shall be clearly described,
2 state the necessary data elements to be collected from the counties,
3 and establish the timeframes for counties to provide the data to
4 the state.

5 (C) The department may develop a process for counties to phase
6 in the requirements of the new budgeting methodology.

7 (D) To the extent a county does not submit the requested data
8 pursuant to subparagraph (B), the new budgeting methodology
9 may include a process to use peer-based proxy costs in developing
10 the county budget.

11 (E) The department shall provide the new budgeting
12 methodology to the legislative fiscal committees by March 1, 2012,
13 and may include the methodology in the May Medi-Cal Local
14 Assistance Estimate, beginning with the May 2012 estimate, for
15 the 2012–13 fiscal year and each fiscal year thereafter.

16 (F) To the extent that the funding for the county budgets
17 developed pursuant to the new budget methodology is not fully
18 appropriated in any given fiscal year, the department, with input
19 from the counties, shall identify and consider options to align
20 funding and workload responsibilities.

21 (b) Nothing in this section, Section 15204.5, or Section 18906
22 shall be construed so as to limit the administrative or budgetary
23 responsibilities of the department in a manner that would violate
24 Section 14100.1, and thereby jeopardize federal financial
25 participation under the Medi-Cal program.

26 (c) (1) The Legislature finds and declares that in order for
27 counties to do the work that is expected of them, it is necessary
28 that they receive adequate funding, including adjustments for
29 reasonable annual cost-of-doing-business increases. The Legislature
30 further finds and declares that linking appropriate funding for
31 county Medi-Cal administrative operations, including annual
32 cost-of-doing-business adjustments, with performance standards
33 will give counties the incentive to meet the performance standards
34 and enable them to continue to do the work they do on behalf of
35 the state. It is therefore the Legislature's intent to provide
36 appropriate funding to the counties for the effective administration
37 of the Medi-Cal program at the local level to ensure that counties
38 can reasonably meet the purposes of the performance measures as
39 contained in this section.

(2) It is the intent of the Legislature to not appropriate funds for the cost-of-doing-business adjustment for the 2008–09, 2009–10, 2010–11, ~~and~~ 2011–12, *and 2012–13* fiscal years.

(d) The department is responsible for the Medi-Cal program in accordance with state and federal law. A county shall determine Medi-Cal eligibility in accordance with state and federal law. If in the course of its duties the department becomes aware of accuracy problems in any county, the department shall, within available resources, provide training and technical assistance as appropriate. Nothing in this section shall be interpreted to eliminate any remedy otherwise available to the department to enforce accurate county administration of the program. In administering the Medi-Cal eligibility process, each county shall meet the following performance standards each fiscal year:

(1) Complete eligibility determinations as follows:

(A) Ninety percent of the general applications without applicant errors and are complete shall be completed within 45 days.

(B) Ninety percent of the applications for Medi-Cal based on disability shall be completed within 90 days, excluding delays by the state.

(2) (A) The department shall establish best-practice guidelines for expedited enrollment of newborns into the Medi-Cal program, preferably with the goal of enrolling newborns within 10 days after the county is informed of the birth. The department, in consultation with counties and other stakeholders, shall work to develop a process for expediting enrollment for all newborns, including those born to mothers receiving CalWORKs assistance.

(B) Upon the development and implementation of the best-practice guidelines and expedited processes, the department and the counties may develop an expedited enrollment timeframe for newborns that is separate from the standards for all other applications, to the extent that the timeframe is consistent with these guidelines and processes.

(3) Perform timely annual redeterminations, as follows:

(A) Ninety percent of the annual redetermination forms shall be mailed to the recipient by the anniversary date.

(B) Ninety percent of the annual redeterminations shall be completed within 60 days of the recipient's annual redetermination date for those redeterminations based on forms that are complete

1 and have been returned to the county by the recipient in a timely
2 manner.

3 (C) Ninety percent of those annual redeterminations where the
4 redetermination form has not been returned to the county by the
5 recipient shall be completed by sending a notice of action to the
6 recipient within 45 days after the date the form was due to the
7 county.

8 (D) When a child is determined by the county to change from
9 no share of cost to a share of cost and the child meets the eligibility
10 criteria for the Healthy Families Program established under Section
11 12693.98 of the Insurance Code, the child shall be placed in the
12 Medi-Cal-to-Healthy Families Bridge Benefits Program, and these
13 cases shall be processed as follows:

14 (i) Ninety percent of the families of these children shall be sent
15 a notice informing them of the Healthy Families Program within
16 five working days from the determination of a share of cost.

17 (ii) Ninety percent of all annual redetermination forms for these
18 children shall be sent to the Healthy Families Program within five
19 working days from the determination of a share of cost if the parent
20 has given consent to send this information to the Healthy Families
21 Program.

22 (iii) Ninety percent of the families of these children placed in
23 the Medi-Cal-to-Healthy Families Bridge Benefits Program who
24 have not consented to sending the child's annual redetermination
25 form to the Healthy Families Program shall be sent a request,
26 within five working days of the determination of a share of cost,
27 to consent to send the information to the Healthy Families Program.

28 (E) Subparagraph (D) shall not be implemented until 60 days
29 after the Medi-Cal and Joint Medi-Cal and Healthy Families
30 applications and the Medi-Cal redetermination forms are revised
31 to allow the parent of a child to consent to forward the child's
32 information to the Healthy Families Program.

33 (e) The department shall develop procedures in collaboration
34 with the counties and stakeholder groups for determining county
35 review cycles, sampling methodology and procedures, and data
36 reporting.

37 (f) On January 1 of each year, each applicable county, as
38 determined by the department, shall report to the department on
39 the county's results in meeting the performance standards specified
40 in this section. The report shall be subject to verification by the

1 department. County reports shall be provided to the public upon
2 written request.

3 (g) If the department finds that a county is not in compliance
4 with one or more of the standards set forth in this section, the
5 county shall, within 60 days, submit a corrective action plan to the
6 department for approval. The corrective action plan shall, at a
7 minimum, include steps that the county shall take to improve its
8 performance on the standard or standards with which the county
9 is out of compliance. The plan shall establish interim benchmarks
10 for improvement that shall be expected to be met by the county in
11 order to avoid a sanction.

12 (h) (1) If a county does not meet the performance standards for
13 completing eligibility determinations and redeterminations as
14 specified in this section, the department may, at its sole discretion,
15 reduce the allocation of funds to that county in the following year
16 by 2 percent. Any funds so reduced may be restored by the
17 department if, in the determination of the department, sufficient
18 improvement has been made by the county in meeting the
19 performance standards during the year for which the funds were
20 reduced. If the county continues not to meet the performance
21 standards, the department may reduce the allocation by an
22 additional 2 percent for each year thereafter in which sufficient
23 improvement has not been made to meet the performance standards.

24 (2) No reduction of the allocation of funds to a county shall be
25 imposed pursuant to this subdivision for failure to meet
26 performance standards during any period of time in which the
27 cost-of-doing-business increase is suspended.

28 (i) The department shall develop procedures, in collaboration
29 with the counties and stakeholders, for developing instructions for
30 the performance standards established under subparagraph (D) of
31 paragraph (3) of subdivision (d), no later than September 1, 2005.

32 (j) No later than September 1, 2005, the department shall issue
33 a revised annual redetermination form to allow a parent to indicate
34 parental consent to forward the annual redetermination form to
35 the Healthy Families Program if the child is determined to have a
36 share of cost.

37 (k) The department, in coordination with the Managed Risk
38 Medical Insurance Board, shall streamline the method of providing
39 the Healthy Families Program with information necessary to
40 determine Healthy Families eligibility for a child who is receiving

1 services under the Medi-Cal-to-Healthy Families Bridge Benefits
2 Program.

3 (l) Notwithstanding Chapter 3.5 (commencing with Section
4 11340) of Part 1 of Division 3 of Title 2 of the Government Code,
5 the department shall, without taking any further regulatory action,
6 implement, interpret, or make specific this section and any
7 applicable federal waivers and state plan amendments by means
8 of all-county letters or similar instructions.

9 *SEC. 88. Section 14165 of the Welfare and Institutions Code*
10 *is amended to read:*

11 14165. (a) There is hereby created in the Governor's office
12 the California Medical Assistance Commission, for the purpose
13 of contracting with health care delivery systems for the provision
14 of health care services to recipients under the California Medical
15 Assistance program.

16 (b) Notwithstanding any other provision of law, the commission
17 created pursuant to subdivision (a) shall continue through June 30,
18 2012, after which, it shall be dissolved and the term of any
19 commissioner serving at that time shall end.

20 (1) Upon dissolution of the commission, all powers, duties, and
21 responsibilities of the commission shall be transferred to the

39 *State Department of Health Care Services.*

1 (B) Employees who transfer pursuant to subparagraph (A) shall
2 be subject to the same conditions of employment under the
3 department as they were under the California Medical Assistance
4 Commission, including retention of their exempt status, until the
5 diagnosis-related groups payment system described in Section
6 14105.28 replaces the contract-based payment system described
7 in this article.

8 (C) (i) Notwithstanding any other law or rule, persons employed
9 by the department who transferred to the department pursuant to
10 subparagraph (A) shall be eligible to apply for civil service
11 examinations. Persons receiving passing scores shall have their
12 names placed on lists resulting from these examinations, or
13 otherwise gain eligibility for appointment. In evaluating minimum
14 qualifications, related California Medical Assistance Commission
15 experience shall be considered state civil service experience in a
16 class deemed comparable by the State Personnel Board, based on
17 the duties and responsibilities assigned.

18 (ii) On the date the diagnosis-related groups payment system
19 described in Section 14105.28 replaces the contract-based system
20 described in this article, employees who transferred to the
21 department pursuant to subparagraph (A) shall transfer to civil
22 service classifications within the department for which they are
23 eligible.

24 (3) Upon a determination by the ~~director~~ Director of Health

34 determination pursuant to this paragraph.

35 (B) The ability to negotiate and make payments from the Private
36 Hospital Supplemental Fund, established pursuant to Section
37 14166.12, and the Nondesignated Public Hospital Supplemental
38 Fund, established pursuant to Section 14166.17.

39 (4) Protections afforded to the negotiations and contracts of the
40 commission ~~of~~ by the California Public Records Act (Chapter 3.5

(commencing with Section 6250) of Division 7 of Title 1 of the Government Code) shall be applicable to the negotiations and contracts conducted or entered into pursuant to this section by the State Department of Health Care Services.

(c) Notwithstanding the rulemaking provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, or any other provision of law, the State Department of Health Care Services may implement and administer this section by means of provider bulletins or other similar instructions, without taking regulatory action. The authority to implement this section as set forth in this subdivision shall include the authority to give notice by provider bulletin or other similar instruction of a determination made pursuant to paragraph (3) of subdivision (b) and to modify or supersede existing regulations in Title 22 of the California Code of Regulations that conflict with implementation of this section.

SEC. 89. Section 14166.8 of the Welfare and Institutions Code is amended to read:

14166.8. (a) Within five months after the end of each project year or successor demonstration year, each of the designated public hospitals shall submit to the department all of the following reports:

(1) The hospital's Medicare cost report for the project year or successor demonstration year.

(2) Other cost reporting and statistical data necessary for the determination of amounts due the hospital under the demonstration project or successor demonstration project, as requested by the department.

(b) For each project year or successor demonstration year, the reports shall identify all of the following:

(1) The costs incurred in providing inpatient hospital services to Medi-Cal beneficiaries on a fee-for-service basis and physician and nonphysician practitioner services costs, as identified in subdivision (e) of Section 14166.4.

(2) The amount of uncompensated costs incurred in providing hospital services to Medi-Cal beneficiaries, including managed care enrollees.

(3) The costs incurred in providing hospital services to uninsured individuals.

(4) (A) Discharge data, commencing with successor demonstration year 6, and retrospectively for prior periods as

1 necessary to establish interim payment determinations, for the
2 following patient categories:

- 3 (i) Uninsured patients.
- 4 (ii) Low Income Health Program patients.
- 5 (iii) Medi-Cal patients, excluding discharges for which Medicare
6 payments were received.

9 discharge data to reflect the projected number of discharges relating
10 to Low Income Health Program patients for the period at issue.

11 (c) (1) Each designated public hospital, or governmental entity
12 with which it is affiliated, that operates nonhospital clinics or
13 provides physician, nonphysician practitioner, or other health care
14 services that are not identified as hospital services under the Special
15 Terms and Conditions for the demonstration project and successor
16 demonstration project, may report and certify all, or a portion, of
17 the uncompensated Medi-Cal and uninsured costs of the services
18 furnished. ~~The~~

19 (2) *Notwithstanding paragraph (1), beginning with the 2012–13*
20 *fiscal year, and for each successor demonstration year thereafter,*
21 *each designated public hospital, or governmental entity with which*
22 *it is affiliated, that operates nonhospital clinics or provides*
23 *physician, nonphysician practitioner, or other health care services*
24 *that are not identified as hospital services under the Special Terms*
25 *and Conditions for the successor demonstration project, shall*
26 *report and certify all of the uncompensated uninsured costs of the*
27 *services furnished that meet the requirements of subdivisions (d)*
28 *and (e).*

29 (3) *The amount of these uncompensated costs to be claimed by*

31 *consultation with the governmental entity so as to optimize the*
32 *level of claimable federal Medicaid funding.*

33 (d) Reports submitted under this section shall include all
34 allowable costs.

35 (e) The appropriate public official shall certify to all of the
36 following:

- 37 (1) The accuracy of the reports required under this section.
- 38 (2) That the expenditures to meet the reported costs comply
39 with Section 433.51 of Title 42 of the Code of Federal Regulations.

(3) That the sources of funds used to make the expenditures certified under this section do not include impermissible provider taxes or donations as defined under Section 1396b(w) of Title 42 of the United States Code or other federal funds. For this purpose, federal funds do not include delivery system reform incentive pool payments, patient care revenue received as payment for services rendered under programs such as designated state health programs, the Low Income Health Program, Medicare, or Medicaid.

(f) The certification of public expenditures made pursuant to this section shall be based on a schedule established by the department. The director may require the designated public hospitals to submit quarterly estimates of anticipated expenditures, if these estimates are necessary to obtain interim payments of federal Medicaid funds. All reported expenditures shall be subject to reconciliation to allowable costs, as determined in accordance with applicable implementing documents for the demonstration project and successor demonstration project.

~~(g) Except as provided in subdivision (e), the Subject to the determination made under paragraph (3) of subdivision (c), the~~ director shall seek Medicaid federal financial participation for all certified public expenditures reported by the designated public hospitals and recognized under the demonstration project and successor demonstration project, to the extent consistent with Section 14166.9.

(i) The timeframes for data submission and reporting periods may be adjusted as necessary with respect to the 2010–11 project year through October 31, 2010, and successor demonstration years 6 and 10.

SEC. 90. Section 14166.12 of the Welfare and Institutions Code is amended to read:

14166.12. (a) The California Medical Assistance Commission shall negotiate payment amounts, in accordance with the selective provider contracting program established pursuant to Article 2.6 (commencing with Section 14081), from the Private Hospital

1 Supplemental Fund established pursuant to subdivision (b) for
2 distribution to private hospitals that satisfy the criteria of ~~Section~~

7 (b) The Private Hospital Supplemental Fund is hereby
8 established in the State Treasury. For purposes of this section,
9 “fund” means the Private Hospital Supplemental Fund.

10 (c) Notwithstanding Section 13340 of the Government Code,
11 the fund shall be continuously appropriated to the department for
12 the purposes specified in this section.

13 (d) Except as otherwise limited by this section, the fund shall
14 consist of all of the following:

15 (1) One hundred eighteen million four hundred thousand dollars
16 (\$118,400,000), which shall be transferred annually from General
17 Fund amounts appropriated in the annual Budget Act for the
18 Medi-Cal program, except as follows:

19 (A) For the 2008–09 fiscal year, this amount shall be reduced
20 by thirteen million six hundred thousand dollars (\$13,600,000)
21 and by an amount equal to one-half of the difference between
22 eighteen million three hundred thousand dollars (\$18,300,000)

24 distressed hospitals calculated pursuant to subparagraph (B) of
25 paragraph (3) of subdivision (b) of Section 14166.20.

26 (B) For the 2012–13 fiscal year, this amount shall be reduced
27 by seventeen million five hundred thousand dollars (\$17,500,000).

28 (C) For the 2013–14 fiscal year, this amount shall be reduced
29 by eight million seven hundred fifty thousand dollars (\$8,750,000).

30 (2) Any additional moneys appropriated to the fund.

31 (3) All stabilization funding transferred to the fund pursuant to
32 paragraph (2) of subdivision (a) of Section 14166.14.

33 (4) Any moneys that any county, other political subdivision of
34 the state, or other governmental entity in the state may elect to
35 transfer to the department for deposit into the fund, as permitted
36 under Section 433.51 of Title 42 of the Code of Federal Regulations
37 or any other applicable federal Medicaid laws.

38 (5) All private moneys donated by private individuals or entities
39 to the department for deposit in the fund as permitted under
40 applicable federal Medicaid laws.

1 (6) Any interest that accrues on amounts in the fund.

2 (e) Any public agency transferring moneys to the fund may, for
3 that purpose, utilize any revenues, grants, or allocations received
4 from the state for health care programs or purposes, unless
5 otherwise prohibited by law. A public agency may also utilize its
6 general funds or any other public moneys or revenues for purposes
7 of transfers to the fund, unless otherwise prohibited by law.

8 (f) The department may accept or not accept moneys offered to
9 the department for deposit in the fund. If the department accepts
10 moneys pursuant to this section, the department shall obtain federal
11 financial participation to the full extent permitted by law. With
12 respect to funds transferred or donated from private individuals or
13 entities, the department shall accept only those funds that are
14 certified by the transferring or donating entity that qualify for
15 federal financial participation under the terms of the Medicaid
16 Voluntary Contribution and Provider-Specific Tax Amendments
17 of 1991 (Public Law 102-234) or Section 433.51 of Title 42 of the
18 Code of Federal Regulations, as applicable. The department may
19 return any funds transferred or donated in error.

20 (g) Moneys in the fund shall be used as the source for the
21 nonfederal share of payments to hospitals under this section.

22 (h) Any funds remaining in the fund at the end of a fiscal year
23 shall be carried forward for use in the following fiscal year.

24 (i) Moneys shall be allocated from the fund by the department
25 and shall be applied to obtain federal financial participation in
26 accordance with customary Medi-Cal accounting procedures for
27 purposes of payments under this section. Distributions from the
28 fund shall be supplemental to any other Medi-Cal reimbursement
29 received by the hospitals, including amounts that hospitals receive
30 under the selective provider contracting program (Article 2.6
31 (commencing with Section 14081)), and shall not affect provider
32 rates paid under the selective provider contracting program.

33 (j) Each private hospital that was a private hospital during the
34 2002–03 fiscal year, received payments for the 2002–03 fiscal
35 year from any of the prior supplemental funds, and, during the
36 project year, satisfies the criteria in ~~Section 14085.6, 14085.7,~~
37 ~~14085.8, or 14085.9 subdivision (s)~~ to be eligible to negotiate for
38 distributions under any of those sections, shall receive no less from
39 the Private Hospital Supplemental Fund for the project year than
40 100 percent of the amount the hospital received from the prior

1 supplemental funds for the 2002–03 fiscal year. Each private
2 hospital described in this subdivision shall be eligible for additional
3 payments from the fund pursuant to subdivision (k).

4 (k) All amounts that are in the fund for a project year in excess
5 of the amount necessary to make the payments under subdivision
6 (j) shall be available for negotiation by the California Medical
7 Assistance Commission, along with corresponding federal financial
8 participation, for supplemental payments to private hospitals, which
9 for the project year satisfy the criteria under ~~Section 14085.6,~~
10 ~~14085.7, 14085.8, or 14085.9~~ *subdivision (s)* to be eligible to
11 negotiate for distributions under any of those sections, and paid
12 for services rendered during the project year pursuant to the
13 selective provider contracting program established under Article
14 2.6 (commencing with Section 14081).

15 (l) The amount of any stabilization funding transferred to the
16 fund, or the amount of intergovernmental transfers deposited to
17 the fund pursuant to subdivision (o), together with the associated
18 federal reimbursement, with respect to a particular project year,
19 may, in the discretion of the California Medical Assistance
20 Commission, *until its dissolution on June 30, 2012*, be paid for
21 services furnished in the same project year regardless of when the
22 stabilization funds or intergovernmental transfer funds, and the
23 associated federal reimbursement, become available, provided the
24 payment is consistent with other applicable federal or state law
25 requirements and does not result in a hospital exceeding any
26 applicable reimbursement limitations. *On and after July 1, 2012,*
27 *the Director of Health Care Services shall exercise the discretion*
28 *granted to the California Medical Assistance Commission by this*
29 *subdivision.*

30 (m) The department shall pay amounts due to a private hospital
31 from the fund for a project year, with the exception of stabilization
32 funding, in up to four installment payments, unless otherwise
33 provided in the hospital's contract negotiated with the California
34 Medical Assistance Commission, except that hospitals that are not
35 described in subdivision (j) shall not receive the first installment
36 payment. The first payment shall be made as soon as practicable
37 after the issuance of the tentative disproportionate share hospital
38 list for the project year, and in no event later than January 1 of the
39 project year. The second and subsequent payments shall be made
40 after the issuance of the final disproportionate hospital list for the

1 project year, and shall be made only to hospitals that are on the
2 final disproportionate share hospital list for the project year. The
3 second payment shall be made by February 1 of the project year
4 or as soon as practicable after the issuance of the final
5 disproportionate share hospital list for the project year. The third
6 payment, if scheduled, shall be made by April 1 of the project year.
7 The fourth payment, if scheduled, shall be made by June 30 of the
8 project year. This subdivision does not apply to hospitals that are
9 scheduled to receive payments from the fund because they meet
10 the criteria under ~~Section 14085.7 paragraph (2) of subdivision~~
11 ~~(s) and do not meet the criteria under Section 14085.6, 14085.8,~~
12 ~~or 14085.9 paragraph (1), (3), or (4) of subdivision (s), which~~
13 shall be paid in accordance with the applicable contract or contract
14 amendment negotiated by the California Medical Assistance
15 Commission.

16 (n) The department shall pay stabilization funding transferred
17 to the fund in amounts negotiated by the California Medical
18 Assistance Commission and shall pay the scheduled payments in
19 accordance with the applicable contract or contract amendment.

20 (o) Payments to private hospitals that are eligible to receive
21 payments pursuant to ~~Section 14085.6, 14085.7, 14085.8, or~~
22 ~~14085.9 subdivision (s)~~ may be made using funds transferred from
23 governmental entities to the state, at the option of the governmental
24 entity. Any payments funded by intergovernmental transfers shall
25 remain with the private hospital and shall not be transferred back
26 to any unit of government. An amount equal to 25 percent of the
27 amount of any intergovernmental transfer made in the project year
28 that results in a supplemental payment made for the same project
29 year to a project year private DSH hospital designated by the
30 governmental entity that made the intergovernmental transfer shall
31 be deposited in the fund for distribution as determined by the
32 California Medical Assistance Commission. An amount equal to
33 75 percent shall be deposited in the fund and distributed to the
34 private hospitals designated by the governmental entity.

35 (p) A private hospital that receives payment pursuant to this
36 section for a particular project year shall not submit a notice for
37 the termination of its participation in the selective provider
38 contracting program established pursuant to Article 2.6
39 (commencing with Section 14081) until the later of the following
40 dates:

1 (1) On or after December 31 of the next project year.

2 (2) The date specified in the hospital's contract, if applicable.

3 (q) (1) For the 2007–08, 2008–09, and 2009–10 project years,
4 the County of Los Angeles shall make intergovernmental transfers
5 to the state to fund the nonfederal share of increased Medi-Cal
6 payments to those private hospitals that serve the South Los
7 Angeles population formerly served by Los Angeles County Martin
8 Luther King, Jr.-Harbor Hospital. The intergovernmental transfers
9 required under this subdivision shall be funded by county tax
10 revenues and shall total five million dollars (\$5,000,000) per
11 project year, except that, in the event that the director determines
12 that any amount is due to the County of Los Angeles under the
13 demonstration project for services rendered during the portion of
14 a project year during which Los Angeles County Martin Luther
15 King, Jr.-Harbor Hospital was operational, the amount of
16 intergovernmental transfers required under this subdivision shall
17 be reduced by a percentage determined by reducing 100 percent
18 by the percentage reduction in Los Angeles County Martin Luther
19 King, Jr.-Harbor Hospital's baseline, as determined under
20 subdivision (c) of Section 14166.5 for that project year.

21 (2) Notwithstanding subdivision (o), an amount equal to 100
22 percent of the county's intergovernmental transfers under this
23 subdivision shall be deposited in the fund and, within 30 days after
24 receipt of the intergovernmental transfer, shall be distributed,
25 together with related federal financial participation, to the private
26 hospitals designated by the county in the amounts designated by
27 the county. The director shall disregard amounts received pursuant
28 to this subdivision in calculating the OBRA 1993 payment
29 limitation, as defined in paragraph (24) of subdivision (a) of
30 Section 14105.98, for purposes of determining the amount of
31 disproportionate share hospital replacement payments due a private
32 hospital under Section 14166.11.

33 (r) (1) The reductions in supplemental payments under this
34 section that result from the reductions in the amounts transferred
35 from the General Fund to the Private Hospital Supplemental Fund
36 for the 2012–13 and 2013–14 fiscal years under subparagraphs
37 (B) and (C) of paragraph (1) of subdivision (d) shall be allocated
38 equally in the aggregate between children's hospitals eligible for
39 supplemental payments under this section and other hospitals
40 eligible for supplemental payments under this section. When

negotiating payment amounts to a hospital under this section for the 2012–13 and 2013–14 fiscal years, the California Medical Assistance Commission, or its successor agency, shall identify both a payment amount that would have been made absent the funding reductions in subparagraphs (B) and (C) of paragraph (1) of subdivision (d) and the payment amount that will be made taking into account the funding reductions under subparagraphs (B) and (C) of paragraph (1) of subdivision (d). For purposes of this subdivision, “children’s hospital” shall have the meaning set forth in paragraph (13) of subdivision (a) of Section 14105.98.

(2) This subdivision shall not preclude the department from including some or all of the reductions under this section within the payments made under a new diagnosis-related group payment methodology for the 2012–13 fiscal year or the 2013–14 fiscal year. In the event the department includes some or all of the amounts, including reductions, within the payments made under a new diagnosis-related group payment methodology for the ~~2012–12~~ 2012–13 fiscal year or the 2013–14 fiscal year, the department, in implementing the reductions in paragraph (1) of subdivision (d), shall, to the extent feasible, utilize the allocation specified in paragraph (1).

(1) The hospital meets all of the following criteria:

2 operates two or more hospitals that qualify under subparagraph
3 (A) or (B) with respect to the particular state fiscal year.

9 1395ww(d)(1)(B)(v)).

10 (D) The hospital is able to demonstrate a purpose for additional
11 funding under the selective provider contracting program including

17 to Medi-Cal beneficiaries.

18 (2) The hospital is contracting under this article and meets the
19 definition of a university teaching hospital or major, nonuniversity,
20 teaching hospital as set forth on page 51 and as listed on page 57

33 meets the definition of eligible hospital as defined in paragraph

37 dated May 1991, entitled “Hospital Peer Grouping,” any hospital
38 whose license pursuant to Chapter 2 (commencing with Section
39 1250) of Division 2 of the Health and Safety Code was consolidated
40 during the 1999 calendar year with a large teaching emphasis

1 hospital that is listed on page 57 of the above-described report

16 or will be made available, to Medi-Cal beneficiaries.

17 (F) The hospital is determined by the California Medical
18 Assistance Commission to be a hospital that provides an important
19 community service that otherwise would not be provided in the
20 community.

1 (f) This section shall become operative as provided in
2 subdivision (f) of Section 14166.151.

3 SEC. 94. Section 14166.153 is added to the Welfare and
4 Institutions Code, to read:

5 14166.153. (a) Beginning in the 2012–13 fiscal year, within
6 five months after the end of a successor demonstration year, each
7 of the nondesignated public hospitals shall submit to the
8 department all of the following reports:

9 (1) The hospital's Medicare cost report for the project year or
10 successor demonstration year.

11 (2) Other cost reporting and statistical data necessary for the
12 determination of amounts due the hospital under the demonstration
13 project or successor demonstration project, as requested by the
14 department.

15 (b) For each project year or successor demonstration year, the
16 reports shall identify all of the following:

17 (1) To the extent applicable, the costs incurred in providing
18 inpatient hospital services to Medi-Cal beneficiaries on a
19 fee-for-service basis and physician and nonphysician practitioner
20 services costs, as identified in subdivision (e) of Section 14166.152.

21 (2) The costs incurred in providing hospital services to
22 uninsured individuals.

23 (c) Each nondesignated public hospital, or governmental entity

26 care services that are not identified as hospital services under the
27 Special Terms and Conditions for the demonstration project and
28 successor demonstration project, shall report and certify all of the
29 uncompensated Medi-Cal and uninsured costs of the services
30 furnished. The amount of these uncompensated costs to be claimed
31 by the department shall be determined by the department in
32 consultation with the governmental entity so as to optimize the
33 level of claimable federal Medicaid reimbursement.

34 (d) Reports submitted under this section shall include all
35 allowable costs.

36 (e) The appropriate public official shall certify to all of the
37 following:

38 (1) The accuracy of the reports required under this section.

39 (2) That the expenditures to meet the reported costs comply with
40 Section 433.51 of Title 42 of the Code of Federal Regulations.

1 (3) That the sources of funds used to make the expenditures
2 certified under this section do not include impermissible provider
3 taxes or donations as defined under Section 1396b(w) of Title 42
4 of the United States Code or other federal funds. For this purpose,
5 federal funds do not include delivery system reform incentive pool
6 payments or patient care revenue received as payment for services
7 rendered under programs such as nondesignated state health
8 programs, the Low Income Health Program, Medicare, or
9 Medicaid.

10 (f) The certification of public expenditures made pursuant to
11 this section shall be based on a schedule established by the
12 department in accordance with federal requirements.

13 (1) The director may require the nondesignated public hospitals
14 to submit quarterly estimates of anticipated expenditures, if these
15 estimates are necessary to obtain interim payments of federal
16 Medicaid funds.

17 (2) All reported expenditures shall be subject to reconciliation
18 to allowable costs, as determined in accordance with applicable
19 implementing documents for the demonstration project and
20 successor demonstration project.

21 (g) The director shall seek Medicaid federal financial
22 participation for all certified public expenditures reported by the
23 nondesignated public hospitals and recognized under the successor
24 demonstration project.

25 (h) The timeframes for data submission and reporting periods
26 may be adjusted as necessary in accordance with federal
27 requirements.

28 (i) This section shall become operative as provided in
29 subdivision (f) of Section 14166.151.

30 SEC. 95. Section 14166.154 is added to the Welfare and
31 Institutions Code, to read:

32 14166.154. (a) (1) Beginning in the 2012–13 fiscal year, if
33 the reimbursement methodology in subdivision (b) of Section
34 14166.151 is in effect and federal approval is obtained for an
35 amendment to the successor demonstration project that was
36 submitted pursuant to subdivision (d), then, with respect to each
37 successor demonstration year, nondesignated public hospitals, or
38 governmental entities with which they are affiliated, shall be
39 eligible to receive safety net care pool payments for uncompensated
40 care from the Health Care Support Fund established pursuant to

1 *Section 14166.21. Safety net care pool payments for*
2 *uncompensated care shall be allocated to nondesignated public*
3 *hospitals as follows:*

4 *(A) The department shall determine the maximum amount of*
5 *safety net care pool payments for uncompensated care that is*
6 *available to nondesignated public hospitals for the successor*
7 *demonstration year pursuant to paragraph (2) of subdivision (b)*
8 *of Section 14166.151. This determination shall be made solely*
9 *with respect to allowable uncompensated care costs incurred by*
10 *nondesignated public hospitals and reported pursuant to Section*
11 *14166.153.*

12 *(B) The department shall establish, in consultation with the*
13 *nondesignated public hospitals, an allocation methodology to*
14 *determine the amount of safety net care pool payments to be made*
15 *to each hospital. The allocation methodology shall be implemented*
16 *when the director issues a declaration stating that the methodology*
17 *complies with all applicable federal requirements for federal*
18 *financial participation.*

19 *(2) A safety net care pool payment amount may be paid to a*
20 *nondesignated public hospital, or governmental entity with which*
21 *it is affiliated, pursuant to this section independent of the amount*
22 *of uncompensated Medi-Cal and uninsured costs that is certified*
23 *as public expenditures pursuant to Section 14166.153, provided*
24 *that, in accordance with the Special Terms and Conditions for the*
25 *successor demonstration project, the recipient hospital does not*
26 *return any portion of the funds received to any unit of government,*
27 *excluding amounts recovered by the state or federal government.*

28 *(3) In establishing the amount to be paid to each nondesignated*
29 *public hospital under this subdivision, the department shall*
30 *minimize to the extent possible the redistribution of federal funds*
31 *that are based on certified public expenditures as described in*
32 *paragraph (2).*

33 *(b) Each nondesignated public hospital, or governmental entity*
34 *with which it is affiliated, shall receive the amount established*
35 *pursuant to subdivision (a) in quarterly interim payments during*
36 *the successor demonstration year. The determination of the interim*
37 *payments shall be made on an interim basis prior to the start of*
38 *each successor demonstration year. The department shall use the*
39 *same cost and statistical data that is used in determining the*

1 *interim payments for Medi-Cal inpatient hospital services under*
2 *Section 14166.152.*

3 *(c) (1) No later than April 1 following the end of the relevant*
4 *reporting period for the successor demonstration year, the*
5 *department shall undertake an interim reconciliation of the*
6 *payment amount established pursuant to subdivision (a) for each*
7 *nondesignated public hospital using Medicare and other cost,*
8 *payment, and statistical data submitted by the hospital for the*
9 *successor demonstration year, and shall adjust payments to the*
10 *hospital accordingly.*

11 *(2) The final payment to a nondesignated public hospital, for*
12 *purposes of subdivision (b) and paragraph (1) of this subdivision,*
13 *shall be subject to final audits of all applicable Medicare and other*
14 *cost, payment, discharge, and statistical data for the successor*
15 *demonstration year.*

16 *(d) The department shall submit for federal approval a proposed*
17 *amendment to the successor demonstration project to implement*
18 *this section.*

19 *(e) This section shall become operative as provided in*
20 *subdivision (f) of Section 14166.151.*

21 *SEC. 96. Section 14166.155 is added to the Welfare and*
22 *Institutions Code, to read:*

23 *14166.155. (a) (1) Beginning in the 2012–13 fiscal year, if*
24 *the reimbursement methodology in subdivision (b) of Section*
25 *14166.151 is in effect and federal approval is obtained for an*
26 *amendment to the successor demonstration project that was*
27 *submitted pursuant to subdivision (c), then nondesignated public*
28 *hospitals may receive payments pursuant to this section. The*
29 *amount of delivery system reform incentive pool funding, consisting*
30 *of both the federal and nonfederal share of payments, that is made*
31 *available to each nondesignated public hospital system in the*
32 *aggregate for the term of the successor demonstration project shall*
33 *be based initially on the delivery system reform proposals that are*
34 *submitted by the nondesignated public hospitals to the department*
35 *for review and submission to the federal Centers for Medicare and*
36 *Medicaid Services for final approval. The initial percentages of*
37 *delivery system reform incentive pool funding among the*
38 *nondesignated public hospitals for each successor demonstration*
39 *year shall be determined based on the annual components as*
40 *contained in the approved proposals.*

1 (2) *The actual receipt of funds shall be conditioned on the*
2 *nondesignated public hospital's progress toward, and achievement*
3 *of, the specified milestones and other metrics established in its*
4 *approved delivery system reform incentive pool proposal. A*
5 *nondesignated public hospital may carry forward available*
6 *incentive pool funding associated with milestones and metrics from*
7 *one year to a subsequent period as authorized by the Special Terms*
8 *and Conditions and the final delivery system reform incentive pool*
9 *protocol.*

10 (3) *The department may reallocate the incentive pool funding*
11 *available under this section pursuant to conditions specified, and*
12 *as authorized by, the Special Terms and Conditions and the final*
13 *delivery system reform incentive pool protocol.*

14 (b) *Each nondesignated public hospital shall be individually*
15 *responsible for progress toward, and achievement of, milestones*
16 *and other metrics in its proposal, as well as other applicable*
17 *requirements specified in the Special Terms and Conditions and*
18 *the final delivery system reform incentive pool protocol, in order*
19 *to receive its specified allocation of incentive pool funding under*
20 *this section.*

21 (1) *The nondesignated public hospital shall submit semiannual*
22 *reports and requests for payment to the department by March 31*
23 *and the September 30 following the end of the second and fourth*
24 *quarters of the successor demonstration year; or comply with any*
25 *other process as approved by the federal Centers for Medicare*
26 *and Medicaid Services.*

27 (2) *Within 14 days after the semiannual report due date, the*
28 *nondesignated public hospital system or its affiliated governmental*
29 *entity shall make an intergovernmental transfer of funds equal to*
30 *the nonfederal share that is necessary to claim the federal funding*
31 *for the pool payment related to the achievement or progress metric*
32 *that is certified. The intergovernmental transfers shall be deposited*
33 *into the Public Hospital Investment, Improvement, and Incentive*
34 *Fund, established pursuant to Section 14182.4.*

35 (3) *The department shall claim the federal funding and pay both*
36 *the nonfederal and federal shares of the incentive payment to the*
37 *nondesignated public hospital system or other affiliated*
38 *governmental provider, as applicable. If the intergovernmental*
39 *transfer is made within the appropriate 14-day timeframe, the*
40 *incentive payment shall be disbursed within seven days with the*

1 *expedited payment process as approved by the federal Centers for*
2 *Medicare and Medicaid Services, otherwise the payment shall be*
3 *disbursed within 20 days of when the transfer is made.*

4 *(4) The nondesignated public hospital system or other affiliated*
5 *governmental provider is responsible for any fee or cost required*
6 *to implement the expedited payment process in accordance with*
7 *Section 8422.1 of the State Administrative Manual.*

8 *(c) The department shall submit for federal approval an*
9 *amendment to the successor demonstration project to implement*
10 *this section.*

11 *(d) In the event of a conflict between any provision of this section*
12 *and the Special Terms and Conditions for the successor*
13 *demonstration project and the final delivery system reform*
14 *incentive pool protocol, the Special Terms and Conditions and the*
15 *final delivery system reform incentive pool protocol shall control.*

16 *(e) This section shall become operative as provided in*
17 *subdivision (f) of Section 14166.151.*

18 *SEC. 97. Section 14166.17 of the Welfare and Institutions Code*
19 *is amended to read:*

31 received by the hospitals, including amounts that hospitals receive
32 under the selective provider contracts negotiated under Article 2.6
33 (commencing with Section 14081), and shall not affect provider
34 rates paid under the selective provider contracting program.

35 (i) Each nondesignated public hospital that was a nondesignated

6 indicates likely federal approval, but only if and to the extent that
7 the letter is sufficient as set forth in subdivision (b).

8 (b) In order for the letter to be sufficient under this section, the
9 director shall find that the letter meets both of the following
10 requirements:

11 (1) The letter is in writing and signed by an official of the federal
12 Centers for Medicare and Medicaid Services or an official of the
13 United States Department of Health and Human Services.

14 (2) The director, after consultation with the hospital community,
15 has determined, in the exercise of his or her sole discretion, that

31 payments, increased capitation payments, payments to hospitals
32 by health care plans resulting from the increased capitation
33 payments, increased payments to mental health plans, and payments
34 for the health care coverage of children. To the extent fees were
35 paid by a hospital that also received payments under this section,
36 the payments may first be recouped from fees that would otherwise
37 be refunded to the hospital prior to the use of any other recoupment
38 method allowed under law.

39 (e) Any payment made pursuant to this section shall be a
40 conditional payment until ~~all final federal approvals necessary to~~

1 ~~fully implement this article and Article 5.228 (commencing with~~
2 ~~Section 14169.1) have approval~~ has been received.

3 (f) The director shall have broad authority under this section to
4 collect the quality assurance fee for an interim period after receipt

15 (commencing with Section 14169.1).

16 (h) This section shall be implemented only to the extent federal
17 financial participation is not jeopardized by implementation prior
18 to the receipt of all necessary final federal approvals.

19 *SEC. 106. Section 14169.36 of the Welfare and Institutions*
20 *Code is amended to read:*

21 14169.36. (a) Upon receipt of a letter that indicates likely

24 ~~final federal approvals necessary for the implementation of this~~
25 ~~article and Article 5.228 (commencing with Section 14169.1)~~
26 *approval*, the following shall occur:

27 (1) To the maximum extent possible, and consistent with the

32 payments, prior to January 1, ~~2014~~ 2014, *except that the increased*
33 *capitation payments under Section 14169.5 shall not be made until*
34 *federal approval is obtained for these payments.*

35 (2) The department shall make supplemental payments to
36 hospitals under Article 5.228 (commencing with Section 14169.1)

39 (b) Notwithstanding any other provision of this article or Article
40 5.228 (commencing with Section 14169.1), if the director

determines, on or after December 15, 2013, that there are insufficient funds available in the Hospital Quality Assurance Revenue Fund to make all scheduled payments under Article 5.228 (commencing with Section 14169.1) before January 1, 2014, he or she shall consult with representatives of the hospital community to develop an acceptable plan for making additional payments to hospitals and managed health care plans to maximize the use of delinquent fee payments or other deposits or interest projected to become available in the fund after December 15, 2013, but before June 15, 2014.

(c) Nothing in this section shall require the department to continue to make payments under Article 5.228 (commencing with Section 14169.1) if, after the consultation required under subdivision (b), the director determines in the exercise of his or her sole discretion that a workable plan for the continued payments cannot be developed.

(d) Subdivisions (b) and (c) shall be implemented only if and to the extent federal financial participation is available for continued supplemental payments and to providers and continued increased capitation payments to managed health care plans.

(e) If any payment or payments made pursuant to this section are found to be inconsistent with federal law, the department shall recoup the payments by means of withholding or any other available remedy.

(f) Nothing in this section shall be read as affecting the department's ongoing authority to continue, after December 31, 2013, to collect quality assurance fees imposed on or before December 31, 2013.

2 interest and related federal reimbursement, may only be used for
3 the purposes set forth in this article.

4 (b) No hospital shall be required to pay the quality assurance

6 maintains federal approval of the quality assurance fee as set forth
7 in this article and Article 5.228 (commencing with Section
8 14169.1) from the federal Centers for Medicare and Medicaid
9 Services.

10 (c) Hospitals shall be required to pay the quality assurance fee

15 *in accordance with federal approval*.

16 (2) Article 5.228 (commencing with Section 14169.1) is enacted
17 and remains in effect and hospitals are reimbursed the increased

20 (3) The full amount of the quality assurance fee assessed and
21 collected pursuant to this article remains available only for the

34 denies approval for, or does not approve before January 1, 2014,
35 the implementation of ~~Article 5.228 (commencing with Section~~
36 ~~14169.1) Sections 14169.2 and 14169.3~~ or this article.

37 (B) ~~Either or both articles Section 14169.2, Section 14169.3, or~~
38 ~~this article~~ cannot be modified by the department pursuant to

15 (2) Any procedure instituted pursuant to this subdivision shall
16 be developed in consultation with representatives from managed

27 findings of an audit or examination made pursuant to Sections
28 10722 and 14170 and for final settlements, including, in the case
29 of hospitals, the application of Sections 51536, 51537, and 51539
30 of Title 22 of the California Code of Regulations. All these
31 processes shall be established by regulation, pursuant to, and
32 consistent with, Section 100171 of the Health and Safety Code.

33 (b) Different administrative appeal processes may be established
34 by the director for grievances or complaints arising from the
35 determinations of a tentative or final settlement based on audit or
36 examination findings made by or on behalf of the department
37 pursuant to Sections 10722 and 14170. However, consistent with
38 existing practice, no administrative appeal shall be available for
39 tentative settlement of cost reports.

(c) The administrative appeal process established by the director for tentative settlements, including, in the case of hospitals, the application of Sections 51536, 51537, and 51539 of Title 22 of the California Code of Regulations shall be an informal process which, however, guarantees a provider the right to present any grievance or complaint to the department in writing. Any subsequent hearings shall be conducted in an informal manner and shall be held at the discretion of the department.

(d) The time limitations in subdivisions (e) and (f) for the impartial hearing and the final decisions are mandatory. If the department fails to conduct the hearing or to adopt a final decision thereon within the time limitations provided in subdivisions (e) and (f), the amount of any overpayment which is ultimately determined by the department to be due shall be reduced by 10 percent for each 30-day period, or portion thereof, that the hearing or the decision, or both, are delayed beyond the time limitations provided in subdivisions (e) and (f). However, the time period shall be extended by either of the following:

(1) Delay caused by a provider.

(2) Extensions of time granted a provider at its sole request or at the joint request of the provider and the department.

(e) (1) The administrative appeal process established by the director shall commence with an informal conference with the provider, a representative of the department, and the administrative law judge. The informal conference shall be conducted no later than 90 days after the filing of a timely and specific statement of disputed issues by the provider. The administrative law judge, when appropriate, may assign the administrative appeal to an informal level of review where efforts could be made to resolve facts and issues in dispute in a fair and equitable manner, subject to the requirements of state and federal law. The review conducted at this informal level shall be completed no later than 180 days after the filing of a timely and specific statement of disputed issues by the provider.

(2) Nothing in this subdivision shall prohibit the provider from presenting any unresolved grievances or complaints at an impartial hearing pursuant to subdivision (a). The impartial hearing shall be conducted no later than 300 days after the filing of a timely and specific statement of disputed issues by the provider.

(3) (A) Subject to subdivision (f), a final decision in a noninstitutional provider appeal shall be adopted within 180 days after the closure of the record of the impartial hearing, and a final decision in an institutional provider appeal shall be adopted within 300 days after the closure of the record of the impartial hearing.

(B) The department shall mail a copy of the adopted decision to all parties within 30 days of the date of adoption of the decision.

(f) In the event the director intends to modify a proposed decision, on or before the 180th day following the closure of the record of the hearing for noninstitutional providers or the 300th day following the closure of the record of the hearing for institutional providers, the director shall provide written notice of his or her intention to the parties and shall afford the parties an opportunity to present written argument. Following this notice, on or before the 240th day following the closure of the record of the hearing for noninstitutional providers or the 420th day following closure of the record of the hearing for institutional providers, or within that additional time period as is granted pursuant to the sole request of a provider or at the joint request of the provider and the department, the director shall issue a final decision.

(g) In the event recovery of a disallowed payment has been made by the department, a provider who prevails in an appeal of a disallowed payment shall be entitled to interest at the rate equal to the monthly average received on investments in the Surplus Money Investment Fund, *or simple interest at the rate of 7 percent per annum, whichever is higher*, commencing on the date the appeal is formally accepted by the department or the date payment is received by the department, whichever is later.

(h) Except as provided in subdivision (i), commencing 60 days after issuance of the first statement of account status or demand for repayment resulting from an audit or examination made pursuant to Sections 10722 and 14170, interest at the rate equal to the monthly average received on investments in the Surplus Money Investment Fund during the month the first statement of account status or demand for repayment was issued, *or simple interest at the rate of 7 percent per annum, whichever is higher*, shall be assessed against any unrecovered overpayment due to the department.

(i) (1) Commencing on the day following the last day of the period covered by an audit or examination made pursuant to

1 Sections 10722 and 14170, interest at the rate established under
2 Section 19269 of the Revenue and Taxation Code which is in effect
3 on the date of the commencement of that interest shall be assessed
4 against any unrecovered overpayment due to the department by
5 providers of durable medical equipment or incontinence supplies.

6 (2) Interest which accrues under this subdivision for recoupment
7 of an overpayment based on the lack of medical necessity for a
8 previously approved claim shall commence to accrue on the date
9 of written demand by the department.

10 (j) The final decision of the director shall be reviewable in
11 accordance with Section 1094.5 of the Code of Civil Procedure
12 within six months of the issuance of the director's final decision.

6 *SEC. 112. Section 14204 of the Welfare and Institutions Code*
7 *is amended to read:*

33 methods and may establish health-plan- and county-specific rates.
34 The department shall utilize a county- and model-specific rate

36 for contracts entered into between the department and any entity
37 pursuant to Article 2.7 (commencing with Section 14087.3), Article
38 2.8 (commencing with Section 14087.5), and Article 2.91

13 sufficient actual plan data, it may substitute plan model, similar
14 plan, or county-specific fee-for-service data.

15 (c) The department shall develop rates that include
16 administrative costs, and may apply different administrative costs
17 with respect to separate aid code groups.

18 (d) The department shall develop rates that shall include, but

25 care, and data submission.

26 (f) The department may develop and adopt condition-specific
27 payment rates for health conditions, including, but not limited to,
28 childbirth delivery.

29 (g) (1) Prior to finalizing Medi-Cal managed care capitation
30 rates, the department shall provide health plans with information
31 on how the rates were developed, including rate sheets for that

(k) (1) *It is the intent of the Legislature to preserve the policy goal to support and strengthen traditional safety net providers who treat high volumes of uninsured and Medi-Cal patients when Medi-Cal enrollees are defaulted into Medi-Cal managed care plans.*

(2) *As the department adds additional factors, such as managed care plan costs, to the Medi-Cal managed care plan default assignment algorithm, it shall consult with the Auto Assignment Performance Incentive Program stakeholder workgroup to develop cost factor disregards related to intergovernmental transfers and required wraparound payments that support safety net providers.*

35 to the public.

36 (C) To ensure that the dental health needs of Medi-Cal

18 (a) as the basis for establishing financial or other incentives or
19 disincentives, including, but not limited to, bonuses, payment
20 withholds, and adjustments to beneficiary assignment to plan
21 algorithms. These incentives and disincentives shall be included
22 in the dental health plan contracts.

23 (d) (1) The department shall designate an external quality

31 Patient Protection and Affordable Care Act (Public Law 111-148),
32 as amended by the federal Health Care and Education
33 Reconciliation Act of 2010 (Public Law 111-152), and the federal
34 American Recovery and Reinvestment Act of 2009 (Public Law
35 111-5), as amended by the federal Patient Protection and
36 Affordable Care Act.

37 (c) No state General Fund moneys shall be used to fund LIHP
38 services, nor to fund any related administrative costs incurred by
39 counties or any other political subdivision of the state.

1 (d) Subject to the Special Terms and Conditions of the
2 demonstration project, if a participating entity elects to fund the
3 nonfederal share of a LIHP, the nonfederal funding and payments
4 to the LIHP shall be provided through one of the following
5 mechanisms, at the options of the participating entity:

6 (1) On a quarterly basis, the participating entity shall transfer
7 to the department for deposit in the LIHP Fund established for the
8 participating counties and pursuant to subparagraph (A), the
9 amount necessary to meet the nonfederal share of estimated
10 payments to the LIHP for the next quarter under subdivision (g)
11 Section 15910.3.

12 (A) The LIHP Fund is hereby created in the State Treasury.
13 Notwithstanding Section 13340 of the Government Code, all
14 moneys in the fund shall be continuously appropriated to the
15 department for the purposes specified in this part. The fund shall
16 contain all moneys deposited into the fund in accordance with this
17 paragraph.

18 (B) The department shall obtain the related federal financial
19 participation and pay the rates established under Section 15910.3,
20 provided that the intergovernmental transfer is transferred in
21 accordance with the deadlines imposed under the Medi-Cal
22 Checkwrite Schedule, no later than the next available warrant
23 release date. This payment shall be a nondiscretionary obligation
24 of the department, enforceable under a writ of mandate pursuant
25 to Section 1085 of the Code of Civil Procedure. Participating
26 entities may request expedited processing within seven business
27 days of the transfer as made available by the ~~State Controllers~~
28 *Controller's* office, provided that the participating entity prepay
29 the department for the additional administrative costs associated
30 with the expedited processing.

31 (C) Total quarterly payment amounts shall be determined in
32 accordance with estimates of the number of enrollees in each rate
33 category, subject to annual reconciliation to final enrollment data.

34 (2) If a participating entity operates its LIHP through a contract
35 with another entity, the participating entity may pay the operating
36 entity based on the per enrollee rates established under Section
37 15910.3 on a quarterly basis in accordance with estimates of the
38 number of enrollees in each rate category, subject to annual
39 reconciliation to final enrollment data.

1 (A) (i) On a quarterly basis, the participating entity shall certify
2 the expenditures made under this paragraph and submit the report
3 of certified public expenditures to the department.

4 (ii) The department shall report the certified public expenditures
5 of a participating entity under this paragraph on the next available
6 quarterly report as necessary to obtain federal financial
7 participation for the expenditures. The total amount of federal
8 financial participation associated with the participating entity's
9 expenditures under this paragraph shall be reimbursed to the
10 participating entity.

11 (B) At the option of the participating entity, the LIHP may be
12 reimbursed on a cost basis in accordance with the methodology
13 applied to Health Care Coverage Initiative programs established
14 under Part 3.5 (commencing with Section 15900) including interim
15 quarterly payments.

16 (e) (1) Notwithstanding Section 15910.3 and subdivision (d)
17 of this section, if the participating entity cannot reach an agreement
18 with the department as to the appropriate rate to be paid under
19 Section 15910.3, at the option of the participating entity, the LIHP
20 shall be reimbursed on a cost basis in accordance with the
21 methodology applied to Health Care Coverage Initiative programs
22 established under Part 3.5 (commencing with Section 15900),
23 including interim quarterly payments. If the participating entity
24 and the department reach an agreement as to the appropriate rate,
25 the rate shall be applied no earlier than the first day of the LIHP
26 year in which the parties agree to the rate, *except that for the LIHP*
27 *year ending June 30, 2012, the rate may apply as early as July 1,*
28 *2011, without regard to the date of the agreement between the*
29 *participating entity and the department.*

30 (2) (A) *The department finds and declares all of the following:*

31 (i) *The department, in consultation with a number of the LIHPs,*
32 *has proposed LIHP capitation rates for federal approval.*

33 (ii) *There is some concern that federal approval of the proposed*
34 *rates will not be received, and implementing contracts may not be*
35 *signed, before June 30, 2012.*

36 (iii) *The amendments made to this subdivision by the act that*
37 *added this clause would allow the federally approved capitation*
38 *rates to apply to the LIHP year, which is July 1, 2011, to June 30,*
39 *2012, inclusive, even if federal approval and the necessary contract*
40 *amendments are not finalized until after June 30, 2012.*

1 (B) Therefore, it is the intent of the Legislature in amending
2 this subdivision to allow the LIHP capitation rates to apply for
3 the 2011–12 fiscal year even if final agreements on the capitation
4 rates are delayed while awaiting federal approval and are not
5 finalized until after June 30, 2012.

6 (f) If authorized under the Special Terms and Conditions of the
7 demonstration project, pending the department’s development of
8 rates in accordance with Section 15910.3, the department shall
9 make interim quarterly payments to approved LIHPs for
10 expenditures based on estimated costs submitted for rate setting.

11 (g) Participating entities that operate a LIHP directly or through
12 contract with another entity shall be entitled to any federal financial
13 participation available for administrative expenditures incurred in
14 the operation of the Medi-Cal program or the demonstration
15 project, including, but not limited to, outreach, screening and
16 enrollment, program development, data collection, reporting and
17 quality monitoring, and contract administration, but only to the
18 extent that the expenditures are allowable under federal law and
19 only to the extent the expenditures are not taken into account in
20 the determination of the per enrollee rates under Section 15910.3.

21 (h) On and after January 1, 2014, the state shall implement
22 comprehensive health care reform for the populations targeted by
23 the LIHP in compliance with federal health care reform law,
24 regulation, and policy, including the federal Patient Protection and
25 Affordable Care Act (Public Law 111-148), as amended by the
26 federal Health Care and Education Reconciliation Act of 2010
27 (Public Law 111-152), and subsequent amendments.

28 (i) Subject to the Special Terms and Conditions of the
29 demonstration project, a participating entity may elect to include,
30 in collaboration with the department, as the nonfederal share of
31 LIHP expenditures, voluntary intergovernmental transfers or
32 certified public expenditures of another governmental entity, as
33 long as the intergovernmental transfer or certified public
34 expenditure is consistent with federal law.

35 (j) Participation in the LIHP under this part is voluntary on the
36 part of the eligible entity for purposes of all applicable federal
37 laws. As part of its voluntary participation under this article, the
38 participating entity shall agree to reimburse the state for the
39 nonfederal share of state staffing and administrative costs directly
40 attributable to the cost of administering that LIHP, including, but

1 not limited to, the state administrative costs related to certified
2 public expenditures and intergovernmental transfers. This section
3 shall be implemented only to the extent federal financial
4 participation is not jeopardized.

5 *SEC. 118. Section 15911.1 is added to the Welfare and*
6 *Institutions Code, to read:*

7 *15911.1. Upon the order of the Director of Finance, the*
8 *Controller shall draw warrants against General Fund cash to*
9 *provide cashflow loans as follows:*

10 *(a) The Director of Finance may approve cashflow loans of no*
11 *more than a total of one hundred million dollars (\$100,000,000)*
12 *in the 2012–13 and 2013–14 fiscal years for County Medical*
13 *Services Program governing board expenses that are associated*
14 *with a Low Income Health Program operated by the governing*
15 *board pursuant to this part.*

16 *(b) The terms and conditions of any cashflow loan provided*
17 *pursuant to this section shall be subject to approval by the Director*
18 *of Finance. Interest shall be charged at the rate earned by moneys*
19 *in the Pooled Money Investment Account.*

20 *(c) The Department of Finance shall notify the Legislature*
21 *within 15 days of authorizing a cashflow loan pursuant to this*
22 *section, unless prior notification of the cashflow loan was included*
23 *when the Medi-Cal estimates were submitted pursuant to Section*
24 *14100.5.*

25 *(d) Any cashflow loans made pursuant to this section shall be*
26 *short term and shall not constitute General Fund expenditures.*
27 *These loans and the repayment of these loans shall not affect the*
28 *General Fund reserve.*

29 *SEC. 119. Section 15912.1 is added to the Welfare and*
30 *Institutions Code, to read:*

31 *15912.1. (a) The department, in collaboration with the State*
32 *Department of Public Health, shall develop policies and guidance*
33 *on the transition of persons diagnosed with HIV/AIDS from federal*
34 *Ryan White HIV/AIDS Treatment Extension Act of 2009 (Ryan*
35 *White Act) funded programs, pursuant to Section 131019 of the*
36 *Health and Safety Code, to the Low Income Health Program*
37 *(LIHP) pursuant to Part 3.6 (commencing with Section 15909).*
38 *These policies and guidance shall be provided to local LIHPs,*
39 *federal Ryan White Act providers, and to persons receiving services*
40 *pursuant to the federal Ryan White Act, as applicable. Guidance*

1 *shall include, but not be limited to, operational processes and*
2 *procedures supporting the transition of persons receiving services*
3 *pursuant to the federal Ryan White Act in order to minimize*
4 *disruption of access to and availability of care and services.*

5 *(b) The department, in collaboration with the State Department*
6 *of Public Health, shall consult with stakeholders, including*
7 *administrators, advocates, providers, and persons receiving*
8 *services pursuant to the federal Ryan White Act, to obtain advice*
9 *in forming the policy decisions regarding the transition of persons*
10 *receiving services pursuant to the federal Ryan White Act to the*
11 *local LIHPs.*

12 *SEC. 120. Section 15916 of the Welfare and Institutions Code*
13 *is amended to read:*

14 15916. (a) It is the intent of the Legislature that the State
15 Department of Health Care Services and all other departments take
16 all appropriate steps to fully maximize and claim all available
17 expenditures for Designated State Health Programs listed in the
18 Special Terms and Conditions of California's Bridge to Reform
19 Section 1115(a) Demonstration under the safety net care pool
20 (SNCP) for an applicable demonstration year.

21 (b) For the purposes of this section, the following definitions
22 apply:

23 (1) "California's Bridge to Reform Section 1115(a)
24 Demonstration" means the Section 1115(a) Medicaid demonstration
25 project, No. 11-W-00193/9, as approved by the federal Centers
26 for Medicare and Medicaid Services (CMS), effective for the period
27 of November 1, 2010, through October 31, 2015.

28 (2) "Demonstration year" means a specific period of time during
29 California's Bridge to Reform Section 1115(a) Waiver as identified
30 in the Special Terms and Conditions. "*Demonstration year*" may
31 *be denominated in yearly increments, which correspond with the*
32 *yearly increments identified in the Special Terms and Conditions.*

33 (3) "Designated public hospital" has the meaning given in
34 subdivision (d) of Section 14166.1.

35 (4) "Excess certified public expenditures" means the amount
36 of allowable uncompensated care expenditures reported and
37 certified for the applicable demonstration year under Section
38 14166.8 by designated public hospitals (DPHs), including the
39 governmental entities with which they are affiliated, that is in
40 excess of the amount necessary to draw the maximum amount of

1 federal funding for DPHs for uncompensated care under the safety
2 net care pool and for disproportionate share hospital payments
3 without regard to subdivision (c) or to the amount authorized
4 pursuant to paragraph (5).

5 (5) “Reserved SNCP funds for DSHP” means the amount of
6 SNCP uncompensated care funds used to fund expenditures for
7 the Designated State Health Programs, as specified in the Special
8 Terms and Conditions of California’s Bridge to Reform Section
9 1115(a) Demonstration.

10 (6) “Redirected SNCP funds” means the amount of federal
11 funding available for a specified demonstration year that would
12 otherwise be restricted for expenditures associated with the Health
13 Care Coverage Initiative (HCCI) program, for which there are
14 insufficient HCCI expenditures to draw the federal funds and which
15 CMS has authorized to be available for uncompensated care
16 expenditures under the safety net care pool in either the
17 demonstration year for which the funds were initially reserved or
18 a subsequent demonstration year.

19 (7) “Safety net care pool” or “SNCP” means the federal funds
20 available under the Medi-Cal Hospital/Uninsured Care
21 Demonstration Project and the successor demonstration project,
22 California’s Bridge to Reform, to ensure continued government
23 support for the provision of health care services to uninsured
24 populations.

25 (c) Notwithstanding any other provision of law, the state shall
26 annually seek authority from CMS under the Special Terms and
27 Conditions of California’s Bridge to Reform Section 1115(a)
28 Demonstration to redirect to the uncompensated care category
29 within the SNCP the portion of the restricted funds used to fund
30 expenditures under the HCCI that will not be fully utilized by the
31 end of the demonstration year *for use in any demonstration year*.

32 (d) Designated public hospitals may utilize the redirected SNCP
33 funds described in subdivision (c) as follows:

34 (1) Designated public hospitals may opt to utilize excess
35 certified public expenditures to claim the redirected SNCP funds.

36 (2) As a condition of exercising the option in paragraph (1),
37 DPHs voluntarily agree that ~~to the extent the state is unable to fully~~
38 ~~claim the maximum annual amount of reserved SNCP funds for~~
39 ~~DSHP, up to the amount of redirected SNCP funds available, the~~
40 excess certified public expenditures are to be allocated equally

between the state and the DPHs, such that for every dollar of excess certified public expenditure used by the DPHs, the DPHs will voluntarily allow the state to use a corresponding excess certified public expenditure amount for claiming purposes. ~~The amount in excess certified public expenditures that may be used by the state shall be limited to that amount necessary to enable the state to receive total SNCP uncompensated care funds, in conjunction with its claims for expenditures for DSHP, to the maximum amount described in paragraph (5) of subdivision (b).~~

~~(3) After the state achieves its maximum claiming amount described in paragraph (5) of subdivision (b), or to the extent the condition in subdivision (c) is not satisfied, the DPHs may use any remaining excess certified public expenditures to claim SNCP uncompensated care funds as authorized by the Special Terms and Conditions of California's Bridge to Reform Section 1115(a) Demonstration.~~

~~(e) As a condition for the state's use of the excess certified public expenditures pursuant to paragraph (2) of subdivision (d), the department shall seek any necessary authorization from the federal Centers for Medicare and Medicaid Services.~~

(3) As a condition of receiving any of the funding in paragraph (2), DPHs voluntarily agree that, to the extent the state is unable to fully claim the maximum annual amount of reserved SNCP funds for DSHP, the excess certified public expenditures will be used to enable the state to receive total SNCP uncompensated care funds, in conjunction with its claims for expenditures for DSHP, to the maximum amount described in paragraph (5) of subdivision (b).

~~(f)~~

(e) Participation in the utilization of the excess certified public expenditures and redirected SNCP funds under this section is voluntary on the part of the DPHs for the purpose of all applicable federal laws.

~~(g)~~

(f) The department shall consult with DPH representatives regarding the availability of excess certified public expenditures, *how to optimize the level of claimable federal Medicaid funding,* and the appropriate allocation of SNCP funds under ~~paragraph paragraphs (2) and (3) of subdivision (d).~~ The department may make interim determinations and allocations of such SNCP funds, provided that the interim determinations and allocations take into

1 account adjustments to reported expenditures for possible audit
2 disallowances, consistent with the type of adjustments applied in
3 prior projects years under Article 5.2 (commencing with Section
4 14166). Any interim determinations and allocations of redirected
5 SNCP funds based on excess certified public expenditures shall
6 be subject to interim and final reconciliations.

7 ~~(h)~~

8 (g) Notwithstanding any other provision of law, upon the receipt
9 of a notice of disallowance or deferral from the federal government
10 related to any certified public expenditures for uncompensated
11 care incurred by DPHs that are used for federal claiming under
12 the SNCP pursuant to California's Bridge to Reform Section
13 1115(a) Demonstration after this section is implemented, and
14 subject to the processes described in subdivisions (a) through (d)
15 of Section 14166.24, the following shall apply with respect to the
16 disallowance or deferral:

17 ~~(1) First, the DPH shall be solely responsible for the repayment~~
18 ~~of the federal portion of any federal disallowance or deferral related~~
19 ~~to the claiming of a certified public expenditure in a particular year~~
20 ~~up to the amount claimed pursuant to paragraph (3) of subdivision~~
21 ~~(d), after paragraph (2) of subdivision (d) was satisfied for that~~
22 ~~particular year.~~

23 ~~(2) Second, if there are additional disallowances or deferrals~~
24 ~~beyond those described in paragraph (1), the~~

25 (1) The department and the DPH shall each be responsible for
26 half of the repayment of the federal portion of any federal
27 disallowance or deferral for the applicable demonstration year, up
28 to the amount claimed and allocated pursuant to paragraph (2) of
29 subdivision (d) for that particular year.

30 (2) *If there are additional disallowances or deferrals beyond*
31 *those described in paragraph (1), the department shall be solely*
32 *responsible for the repayment of the federal portion of any federal*
33 *disallowance or deferral for the applicable demonstration year,*
34 *up to the amount claimed and allocated pursuant to paragraph*
35 *(3) of subdivision (d) for that particular year.*

36 (3) ~~Third, if~~ *If* there are additional disallowances or deferrals
37 beyond those described in paragraphs (1) and (2) for the applicable
38 demonstration year, the DPH shall be solely responsible for the
39 repayment of the federal portion of all remaining federal
40 disallowances or deferrals for that particular year.

(i)

(h) The department shall obtain federal approvals or waivers as necessary to implement this section and to obtain federal ~~matching funds~~ *financial participation* to the maximum extent permitted by federal law. This section shall be implemented only to the extent *other* federal financial participation is not jeopardized.

24001. (a) (1) For purposes of this division, “family planning” means the process of establishing objectives for the number and spacing of children, and selecting the means by which those objectives may be achieved. (2) Family planning services for males shall be expanded to include laboratory tests for sexually transmitted infections and comprehensive physical examinations. Within 60 days of approval of the Family Planning, Access, Care, and Treatment (Family PACT) Waiver Program, provided for pursuant to subdivision (aa) of Section 14132, the department shall seek to amend the waiver to add this expansion.
